Delegates at Far East Committee Meeting Indicate They Cannot Accede to Demand at Once.

Terms Impossible Says Premier.

Wood-Forbes Commission is Convinced Islands Should Remain as at Present.

WASHINGTON, Nov. 29.—While expressing sympathy for the plight of China and a desire to be on friendly terms, Japanese delegates at today's session of the committee on Pacific and Far Eastern affairs indicated that Japan could not accede to the demands of China for the removal of foreign troops. There are about 75,000 Japanese soldiers and police in China now, according to information given the committee. It is understood that the Japanese position will be stated tomorrow in detail.

FOCH SEES FAR NORTH; ASKS PEACE
Has Busy Day in Idaho and Washington; Leaves for Seattle.

BY A. P. NIGHT WIRE.
SPOKANE, Nov. 29.—Concluding a busy day in Northern Idaho and Eastern Washington, Marshal Foch was a guest of honor here tonight at a formal banquet.

His day's program took him from St. Maries, Idaho, where he broke ground for a new American Legion building, to Spokane, where he participated in a parade and among other things received an honorary degree of doctor of laws at Gonzaga University, a Jesuit institution.

MAN WHO HELD HAT FOR LINCOLN DIES.
SAN FRANCISCO, Nov. 29.—Benjamin B. Tuttle, 83 years old, former commander of the Grand Army of the Republic, "captain" of California and Nevada, and the man said to have held the hat of Abraham Lincoln when the president made his Gettysburg address, died at his home here today.

Requests of Delegates for Larger Naval Ratio Said to Be for Home Consumption.

WASHINGTON, Nov. 29.—Japan, while asking for a modification of the naval armament limitation program, will in the end accept the 5-5-3 ratio proposed by Secretary Hughes at the opening session of the Disarmament Conference. Japan is asking for twenty-four more heavy cruisers, but by Thursday, it is expected, she will consent to the plan as outlined and the naval armament committee will report an agreement at the plenary session, which it is planned to hold next Monday.

Japan is making the fight for a new ratio for two reasons. One is to show that efforts were made to get better terms for Japan, and the other is to show the groundwork of a reason for the Japanese of moment to Japan when the serious side of the Chinese and Far Eastern situation is reached to the ultimate point of settlement.

Delegates Will Accept No Modification of Hughes Proposed 5-5-3 Plan.
Japan Now Allowed More Than Her Share of Ships, According to Figures.

WASHINGTON, Nov. 29.—The purpose of the American arms delegation to accept no modification of Secretary Hughes' proposed "5-5-3" ratio of naval strength as the fundamental basis of any limitation agreement was authoritatively reiterated today. The statement was backed by disclosure of the fact as to existing naval strength.

REPLICATES INTERVIEW.
Meanwhile Prince Tokugawa of Japan declared that the statement of the Japanese advisory staff, contending for a 70 per cent status of the Japanese fleet, was based on "personal opinion." It was "not" said, sponsored by the delegation, of which Vice-Admiral Kato is not a member.

MEETING POSTPONED.
While these developments indicated more strongly that a decision of the fundamental question was drawing near, the Arms Conference was marked today. A further session of the naval experts of the United States and Japan, scheduled for today, was postponed for twenty-four hours at the request of the Japanese.

ACCEPTED BY BRITISH.
The British experts have accepted the accuracy of the original American fleet estimates. The Japanese have been able to challenge successfully the American showing.

EXPECT JAPS TO YIELD.
It is no secret that the American group expects Japan to accept the "5-5-3" ratio. It is also clear that Japan will be worked out at the plenary session. Officials closest to the negotiations expect the delegates will bring about the ultimate agreement by personal touch. It will then be translated into conference action.

WOULD LOWER RATIO.
It was for that reason that the American plan discarded any attempt to calculate fleet ratios in terms of national needs. There was no way for the Japanese to get a larger ratio than the strength of any other power.

SINN FEIN OUTRAGES CAUSE ENROLLMENT OF TROOPS TO COMBAT RIOTS.
LLOYD GEORGE MUST PRESENT NEW PROPOSITION OR FACE BREAKING OF PARLEYS.

BY CABLE AND ASSOCIATED PRESS.
LONDON, Nov. 29.—By Tuesday next these negotiations will have broken down or the Prime Minister will send me new proposals for consideration by the Cabinet," said the statement made by Sir James Craig to the Ulster parliament today, with regard to the Irish peace negotiations.

GENERAL CONCLUSIONS.
These observations of the investigators are contained in the "general conclusions" and "recommendations" made in the report which was made public today. The complete report, covering 100 pages, will be made public later. The general conclusions are as follows:

FIGHT FOR BABY GUY.
Guardian of Stillman Child to Go to Canada to Question Beauvais as Other Witnesses.

POUGHKEEPSIE (N. Y.) Nov. 29.—John E. Mack, guardian ad litem for baby Guy Stillman, and John F. Brennan of counsel for Mrs. Anne V. Stillman will leave for Montreal early tomorrow morning to question Fred Beauvais and other witnesses to be used by Mrs. Stillman in her defense of the divorce action brought by James A. Stillman, banker, who charged little Guy was the son of the Indian guide.

LAT GROUNDWORK.
The trip of Mack and Brennan to Montreal is to lay the groundwork for the hearings there in which some fifty witnesses for Mrs. Stillman will be examined.

FIFI PAID BILL.
Beauvais, the Indian guide correspondent, came to the St. Regis the next day and was assigned a room with a view of the lake. He was paid by his director, Guy, born some months later.

Scrapping of Anglo-Japanese Alliance Foreseen in Washington.

BRITISH EXPECT ACTION ON ARRIVAL OF PREMIER

Lloyd George Firmly Convinced of Necessity of Understanding for Britain, America and Japan.

BY ARTHUR SEARS HENNING.
(EXCLUSIVE DISPATCH.)

WASHINGTON, Nov. 29.—The scrapping of the Anglo-Japanese alliance is expected to be one of the results of Prime Minister Lloyd George's visit to Washington to attend the International Conference on the Limitation of Armament.

The official spokesman of the British delegation admitted today that the British plenipotentiaries are prepared to discuss the question of the future of the alliance before the conference adjourns. No move in this direction, however, is expected to materialize until Lloyd George reaches the scene.

The British Prime Minister is represented as more firmly convinced than ever that such an understanding should be reached by Great Britain, the United States and Japan upon Far Eastern affairs and that before such an agreement should be reached the Anglo-Japanese alliance should be dissolved. Japan, surviving the constantly increasing opposition to the alliance in the British Empire, has hastened to hail the proposed tripartite agreement as an acceptable substitute.

APPROVED BY HARDING.
President Harding has made known his expectation that such an understanding would be arrived at by the three powers and his approval thereof—not an alliance or a treaty, but a less formal agreement which might be manifested merely by the exchange of diplomatic notes as the open door, the doctrine was established by John Hay.

The trend of events in the conference is toward the conclusion of a triple entente, and the United States is swinging all its influence to attain that object. The substitution of the alliance for the entente, however, must be initiated by either Great Britain or Japan and it would not be surprising if the dissolution of the alliance were signaled by a joint declaration on the part of the two powers before the conference adjourns.

It is well known that the United States hopes the Anglo-Japanese alliance will be abrogated and one of the objects of the inclusion of Pacific and Far Eastern questions in the agenda of this conference undoubtedly was to pave the way for its dissolution in the manner suggested by Lloyd George.

REASON FOR REDUCTION.

That the United States cannot with safety reduce its navy to the extent proposed by the Hughes plan unless the Anglo-Japanese alliance is to be scrapped is a view widely held. It is contended that with its reduced Navy America would find

ever, will be rendered more difficult by the mobilizing of Ulster's special police forces and by an agreement by the British government, as announced by the Ulster Premier, to employ imperial troops to assist them.

IMMEDIATE PROBLEM.

An immediate problem which has not been decided is whether armed hostility would follow a complete disagreement, or if it shall prove possible to arrange an adjournment of the negotiations and maintain the truce.

The government's military advisers have been pointing out, it is stated, that it would be easier for them to deal with guerrilla warfare in the winter than in the spring, but the general feeling against renewed fighting is so strong that postponement is favored in influential quarters, even though it is realized that the same deadlock over Sinn Fein and Ulster might likely await the Ministers at the end of the period.

ULSTER NEWSPAPER.

Preparations are being made here to publish a newspaper with morning and evening editions, devoted to the cause of Ulster, according to the Daily Mirror, which says 1250,000 already has been raised for the purpose. The enterprise was started, the Mirror says, in view of the fact that "so many London newspapers which formerly advocated Unionist principles, have lately let Ulster down very badly."

GERMAN TRADE AT STAKE.

Britain Plans Heroic Effort to Prevent Another Panic; May Ease Up on Reparations.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Nov. 29.—The visit to London of Dr. Walter Rathenau, former German Minister of Reconstruction, and his secretary, Dr. Simon, economic expert, following closely on last week's presence here of Hugo Stinnes, German financier, is accepted in official and banking circles as heralding an early discussion, and possibly revision of the arrangements for Germany's reparations payment.

NOT READY FOR INDEPENDENCE.

(Continued from First Page.)

The non-Christians and Americans are for continuance of the American control.

"We find a general failure to appreciate the fact that a reasonable proportion of officials and employees are men of good character and ability and reasonably faithful to the trust imposed upon them, but that the efficiency of the public services has fallen off, and that they are now relatively inefficient, due to lack of inspection and to the too rapid transfer of control to officials who have not had the necessary time for proper training."

"We find that many Filipinos have shown marked capacity for government service and that the young generation is full of promise, that the civil service laws have in the main been honestly administered but there is a marked deterioration due to the injection of politics."

LACK OF CONFIDENCE.

"We find that there is a disquieting lack of confidence in the administration of justice, to an extent which constitutes a menace to the stability of the government."

"We find that the people are not organized economically nor from the standpoint of national defense, and that they maintain an independent government."

"We find that the legislative chambers are conducted with dignity and decorum and are composed of representative men."

"We feel that the lack of success in certain departments should not be considered as proof of essential incapacity on the part of Filipinos but rather indicating the lack of experience and opportunity and especially lack of inspection."

"We find that questions in regard to confirmation of appointments might at any time arise which would make a deadlock between the Governor-General and the Philippine Senate."

RECOMMENDATIONS MADE.

These recommendations are made in the report:

"We recommend that the present status of the Philippine Islands continue until the people have had time to absorb and thoroughly master the powers already in their hands."

"We recommend that the responsible representative of the United States, the Governor-General, have authority commensurate with the responsibilities of his position. In case of failure to secure the necessary corrective legislation by the Philippine Legislature we recommend that Congress declare null and void legislation which has been enacted diminishing, limiting or dividing the authority granted the Governor-General under Act No. 248 of the Sixty-fourth Congress, known as the Jones bill."

"We recommend that in case of a deadlock between the Governor-General and the Philippine Senate in the confirmation of appointments that the President of the United States be authorized to make and render the final decision."

"We recommend that under no circumstances should the American government permit to be established in the Philippine Islands a situation which would leave the United States in a position of responsibility without authority."

AUSTRIAN CHARGE O. K'D.

(BY A. P. MIGHT WIRE.)

WASHINGTON, Nov. 29.—The State Department has replied favorably to inquiries from Austria regarding the acceptability of E. A. G. Prochnik as Austrian charge, and credentials are expected here within the next few weeks.

SHIPS IN COMMISSION.

Another suggestion from Japanese sources that the comparison should be made on the basis of ships in commission alone, was instantly rejected by the American delegates. That would mean that the United States would not only scrap all ships on which more than \$25,000,000 has been spent, but would not be allowed to count that expenditure in estimating her naval strength.

Still another suggested method of comparison was that all pre-dreadnaughts less than twenty years old of either navy be included. That calculation would have made the ratio 100 to 50 against Japan. As a modification, it was suggested that pre-dreadnaughts more than twenty years old be included and this would work out at 100 to 55.

So, from any point of view Japanese experts have been able to approach the question, the American 60 per cent ratio offers Japan a greater proportionate strength than she now has.

Any attack on the 5-5-3 ratio, it was added, with the full weight of the American delegation as sponsor for the statement, is to be regarded only as an attack on the fundamental principle of the whole naval plan.

ARMY PARLEY IN NUTSHELL.

"Times" is Issuing Special Edition Weekly on Historical Conference.

Every Friday during the Disarmament Conference now in progress in Washington The Times will reprint from its daily issues a special illustrated four-page edition giving all the important developments of the history-making parley of the nations for the week preceding. The first was issued Friday, November 13.

The Times has arranged for exhaustive reports on the proceedings of the conference to be written by experts of international reputation. These reports, which are those appearing daily in The Times, will be conveniently arranged and edited and will all appear in this weekly summary of the conference without the interpolation of other extraneous news matter. For the many persons who desire to preserve a complete record of this peace parley of the world powers, incomparably the most important one in history, these special editions will be of immense value.

The four-page sheets will not be included in the regular editions of The Times, but are on sale at the Los Angeles main and branch offices of The Times at the nominal price of 5 cents, or will be mailed to any address on receipt of that sum in stamps. They will be furnished free to any school-teacher on application.

DRY AGENT NABS DOCTOR.

(BY A. P. MIGHT WIRE.)

SAN FRANCISCO, Nov. 29.—Dr. E. R. Morlan was arrested today by prohibition officials on a charge of conspiracy to violate the prohibition law, the officials complaining that in a drug store he had been selling whisky.

these circumstances it is difficult to make an effective argument in behalf of Japan for a larger tonnage than provided by the Hughes ratio.

On the other hand, part of the effort of Japan for a greater proportionate tonnage is the desire to develop a trading proposition with Great Britain and the United States when the more important Chinese questions come up for final solution. Japan at the present time has no argument to put forward to justify a decision in her favor on any of the vital Chinese matters and she is depending on the superhuman concession on the reduction of her navy to form such a leverage.

PERTINAX DEPARTS.

Japan has not yet shown her real interest in the Chinese matters for the matters now being considered in the Chinese problem are all more or less superficial or at least subordinate. WASHINGTON FOOTBALL ATHLETES WORK OUT AT TOURNAMENT PARK.

TO PRESERVE MILLER'S MUG.
Artist Executes Life-Size Portrait of Champ.
Grappler Will Defend His Title Tomorrow.
Gardner Expected to Put Up Real Argument.

The noble mug and syphilitic form of Walter Miller are to be preserved on canvas to posterity for all time to come. Though Rocky Gardner should defeat the midweight champion on the mat tomorrow night, the world would not be entirely lost, for the high-winded grappler's likeness will go on up and down through the ages regardless. All this because Christian Von Schneider, versatile artist of some note, had an idea and executed a half-length, life-size portrait of Miller that may some day hang on the wall of the hall of fame. It hasn't been hung yet—not even among the Los Angeles Athletic Club's art treasures.

Just one of the Washington State stars will be absent from the lineup when the Cougars face U.S.C. next Saturday. This is Eldon Jenne, punter and pole-vaulter star. Jenne is a scholar of brilliance and stayed home to take the Rhodes Scholarship examination. He figured that a chance to win a three-year course at Oxford was far more enticing than facing laurels on the gridiron.

In his absence the lengthy Mister Duntun, who operates at right tackle, will do the tall and lofty booting. To judge by what Duntun was putting on for the edification of the onlookers yesterday, Washington State won't be bad off in this department at all.

The boys found the weather quite to their liking. They don't give a rip if the sun never shines. In fact they don't care if it rains. They'll be at home then for the mist never stops falling in Pullman. Gus Welch, however, squinted a hunk of plug at the ground and opined that rain would make that grass field

BALL PLAYERS' FRAT TO MEET TONIGHT.
Joe Pirrone announces that the Ball Players' Fraternity will meet at the Bristol Bowling Alley tonight at 8 o'clock. All managers and players are urged to be present, as matters of considerable importance are to be discussed. Games will be booked for next Monday.

COUGARS ARRIVE FOR BATTLE WITH U.S.C.
Punter Eldon Jenne Stays Home to Take Rhodes Scholarship Quiz; Athletes in Good Condition.

BY PAUL LOWRY.
Indian Gus Welch, coach of the Washington State football team, parked nineteen of his crimson-jerseyed warriors at the Maryland yesterday morning and in the afternoon had them out taking the jumps at Tournament Park.

The Cougars used Paddock Field, where the Cubs have enjoyed the spring training process each year, the sprinklers having a workout on the turf field.

There were nineteen Washington State athletes in the Northwest party, two coaches and Athletic Director J. Fred Bepko. Homer Applequist, who played on the W.S.C. team that licked Brown 14 to 0 in the first of the New Year's Day struggles, is assisting Head Coach Welch. He is a short, squat personage who carries a great deal of beef from the Adam's apple down. Fans who saw the Brown game will remember that he certainly gave one of the Brown guards an exhilarating time the damp afternoon that opened the year 1921.

MAY ANNOUNCE TEAMS TODAY.
Expectation of the Tournament of Roses officials that they would be prepared last night to announce selection of football teams to play there January 2, representing the East and West, proved unfruitful, they announced. They may be ready to announce the teams today, J. J. Mitchell, president of the association said. It was indicated that the barriers restraining Iowa were being broken one by one and that the Hawkeyes would meet California in the annual classic.

WATER TITLES AT STAKE.
A varied assortment of water events will be pulled off in the L.A.A.C. pool tonight when, despite the chilly weather, some of the best local talent in things aquatic will compete in a mid-winter swimming carnival. Included in the program are two Southern California championship events, titles in the women's 220-yard free-style swim and the men's 50-yard dash being at stake.

Miss Robbie Middleton is expected to annex the honors in the 220-yard swim, although Miss Marie Curtis will undoubtedly be right up among the winners. Miss Mary Wheeler, Miss Dorothy Waters and Miss Helen Vernon are also expected to compete in this event.

It is the general opinion that Walter Grace will win the 50-yard dash title, Willard Marjane being a favorite for second place.

Haig Prieste, who captured a leg of the Snub Pollard diving trophy at the last meet, is out to take another limb of the coveted cup tonight, but competition is certain to be keen with such men as Ralph Summerlin, Harry Parry, Richmond Skinner, Walter Kruel and Clyde Swendren in the running.

Following is the complete list of events:
25 yards, free girls, Southern California championship, first prize, Marie Curtis, second, Marie Curtis, third, Marie Curtis.

TIJUANA RESULTS.
(EXCLUSIVE DISPATCH.)
SAN DIEGO, Nov. 29.—Favorites had rather tough going today and were unplaced in three of the seven races. Shansandoh and Clover Junia, which were considered outsiders in the fifth race, staged a thrilling finish, the former coming in by a nose. Gen. Byng, the favorite in this race, trailed in eighth place. Stays, another horse given little consideration, pulled the big surprise of the day by winning easily in the fourth.

Brown Favorite, which was a popular choice, finishing third. The hottest finish of the races to date was recorded in the opening contest, won by Tuff, when the first five horses to the wire could have been covered with a blanket.

The results:
First race, 10 furlongs—Tuff won, 1:00.1. Second race, 10 furlongs—Shansandoh won, 1:01.1. Third race, 10 furlongs—Clover Junia won, 1:02.1. Fourth race, 10 furlongs—Gen. Byng won, 1:03.1. Fifth race, 10 furlongs—Shansandoh won, 1:04.1. Sixth race, 10 furlongs—Clover Junia won, 1:05.1. Seventh race, 10 furlongs—Gen. Byng won, 1:06.1.

LEONARD WINS FOR 'CHARITY.'
Lightweight Champ Has an Easy Time With Ward in a Six-Round Exhibition.

NEW YORK, Nov. 29.—Benny Leonard, lightweight boxing champion, tonight outpointed George Ward, Elmhurst, N. Y., in a six-round exhibition bout in Madison Square Garden, according to a majority of sport writers. The contest was the feature of a show for charity.

Leonard loafed through the first four rounds, but speeded things up in the fifth and sixth. He landed a hard right in the fifth and staggered the Jersey boy. The champion then apologized and allowed his opponent to recuperate before resuming the aggressive.

JOE GORMAN WINNER AT MADISON SQUARE.
NEW YORK, Nov. 29.—Joe Gorman, Portland, (Or.) featherweight, was awarded the decision over Earl Baird, Seattle, Wash., in the first of several bouts in Madison Square Garden tonight. Baird was disqualified by the referee in the fifth round of what was to have been a ten-round bout.

Joe Benjamin, San Francisco, recaptured the judge's decision over Peter Harfley, New York, in their ten-round bout. They are lightweights.

LANDIS HAS DECISION ON RUTH CASE READY.
CHICAGO, (By P. Night Wire.)—Judge Landis, baseball commissioner, today completed the draft of his decision in the case of Babe Ruth, New York Yankee outfielder, who played exhibition games in violation of major league baseball rules, but withheld announcement of that action he had decided upon. The judge said he wanted to go over the decision again before announcing it.

SAN FRANCISCO, Nov. 29.—Three golf stars, Jack Hutchison, British open champion, Jim Barnes, American open champion, and Willie Hunter, British amateur champion, are expected to play in the Northern California open championship tournament here January 7 and 8. Efforts are being made by the Northern California Golf Association to have them enter the tourney.

BRICE TAYLOR GRID WONDER.

(BY A. P. NIGHT WIRE.)
SEATTLE, Nov. 29.—The most remarkable feature of the high school football season here just closed has been the playing of Brice Taylor, one-armed negro tackle of Franklin High School. Taylor's team won the prep championship and he was the star of the deciding game. He made several sensational open field runs.

EDWARDS AWARDED DECISION.
Colored Flash Wins Hair-Line Award Over Herman of Oakland in Main Event.

BY ED O'MALLEY.
Danny Edwards, the colored "flash," was given the decision over Babe Herman in the main boxing bout at Jack Doyle's last night. The big crowd seemed to take kindly to the decision, but many clever followers of the game were of the opinion that a draw was about the right call. Danny was handicapped in the way of height and reach, but proved to be equal to the occasion.

Herman started out in great fashion, making good use of his long left with an occasional right cross. The colored lad had a shade of worst of it in the clinches, but his snappy aggressiveness offset this disadvantage. It looked like Herman's round.

Edwards, who started in viciously, pumping in an occasional right to the cheek and left to the nose. In the last round Herman caught the colored lad with a sharp left to the mouth, which drew the blood to the lower lip. Danny was viciously aggressive and rushed his man frequently, a fact that must have made a hit with the referee. Herman was a little wild in his judgment of distance and missed a number of hard rights to the head. At that he appeared to hold his own. Referee Donald raised Danny's hand on the verdict was well received.

Irving Glasser and Johnny Adams fought a fast, exciting draw but the verdict brought down a tornado of boos on the luckless referee's head. Glasser made a brilliant finish and if one were to draw points very fine, one could have raised Glasser's hand.

Chick Roach won from Mike O'Leary on a four at the end of the third round. It was a waste of a scrap and regarded by many as the best of the evening. The other bouts resulted as follows: Johnny Trambilla beat Fred Sherman; Frank Oldrich and Chief Ahern, draw; Tony Cumpton beat Kid Rubio and Red Mulbra put it on Eddie Mason.

The schedule calls for certain periods out of each week for shore leave at Panama, and the promotion of athletic contests between the various ships of both fleets will be one of the important features of the Navy's program.

Fancy Card of Bouts on U.S.S. Texas
Seven bouts will be staged on the deck of the U.S.S. Texas tomorrow night, the main event being a battle between Maier of the U.S.S. Texas and Bill of the U.S.S. Idaho. They will fight at catch-weights.

Conner, upholding the honor of the U.S.S. Texas, and Hackley of the U.S.S. Nanshan are billed for the semi-wind-up, while another flashy bout between Martinez of the U.S.S. Idaho and Rollins of the U.S.S. Texas is expected to furnish considerable excitement.

Matchmaker Wogan has not signed up the rest of the card as yet, but promises a lively program. The bouts will be open to the public.

Stage Decisive Prep Gridiron Battle at Fullerton Tomorrow.

CHAFFEY TAKES ON SANTA ANA.

Preps Mingle at Fullerton in Important Tilt.

Winner Will Meet San Diego for Championship.

Spud Morrison Overhauls His Pigskin Troupe.

BY CHARLES WEST.
Tomorrow afternoon Chaffey Union's tankard artists collide with the much-touted Santa Ana eleven at Fullerton in the semifinal contest for the Southern California prep football championship. San Diego is scheduled to take on the winner December 10 in a game that will determine the proper holder of the title, and hence tomorrow's rumput is of considerable importance.

Chaffey is as yet a minus quantity as far as local followers of football are concerned. The Ontario athletes have confined their activities to their home town and surrounding villages, and aside from the fact that they won the Citrus Belt championship, little has been heard of them this season.

But rumor has it that Coach Miller's bunch is made up of some speedy men, Lewis Greene, halfback, and Leonard Kerblin, quarterback, being the fastest pair in the Citrus Belt League. Greene has been credited with a record of ten seconds flat in the 100-yard dash, and it is said that his football legs don't face his speed a bit. Although he only weighs 124 pounds, Kerblin was largely responsible for Chaffey's excellent record this season. His ability to handle the team and his shiftness making him a valuable man to the squad.

CLASHY KICKER.
If the Chaffey men find they can't penetrate Santa Ana's beefy line, they may attempt a field goal. Mank's two dropkicks were the

ROMNEY ELECTED MAROON CAPTAIN.

(EXCLUSIVE DISPATCH.)
CHICAGO, Nov. 29.—Milton Romney, the Utah whirlwind, quarterback of the University of Chicago football team, was elected captain of next year's team late today. In spite of Romney's popularity and recognized star performance on the team this season, his election was a surprise that thrilled the midway campus.

It came on the fourth ballot. Romney first attracted attention in football circles while a prep in Salt Lake City. There he was picked as halfback on the all-Rocky Mountain team. He passed one year in Salt Lake City College and came to the University of Chicago in his sophomore year. He will be a senior in the college of arts and literature next year.

only scores made in the game with Riverside, and Chaffey won the league title by them.

Spud Morrison has overhauled his charges since their tussle with Santa Monica, and will lead an entirely new line-up against Chaffey tomorrow. Wilcox at quarterback and Jabe at full back performed in the Santa Monica doings, but Black and Huston will replace Williams and Knight as halfbacks.

With the exception of Le Bard at right guard, Santa Ana will have a brand new line. Motz, McDonald, Miller, Fitz, Stephens and Hoffman having been recruited from the substitutes' bench.

HUNTER FIRES ON FLOCK OF DECOYS.

Old Shaw, experienced duck hunter that he is, was fooled by a flock of decoys while on an outing near Bakersfield a few days ago. Art Dyas, Frank Williams and Shaw spent the day without bringing down a single bird when Shaw came suddenly upon a whole army of ducks, and blazed away. The ducks turned out to be paper decoys and the hunters decided to look elsewhere than Bakersfield for their sport hereafter.

HUGGINS TO SHORE PITCHING.

Yankees' Hustling Manager is to Strengthen His Heaving Department.

(BY A. P. MORTIMER WIRE.)
NEW YORK, Nov. 29.—Plans for the 1922 campaign of the New York American League baseball club will be considered at conference here the next few days. Presence of Manager Miller Huggins at this time completes the executive circle.

Manager Huggins stated that efforts would be made to strengthen the team, particularly in the pitching department.

Club officials said they had not the slightest intimation of the probable action of Baseball Commissioner Judge Landis in the "Babe" Ruth case and were eagerly awaiting the commissioner's decision.

They deny rumors that the famous home-run hitter had been promised a fabulous salary next season.

Chief interest among the officials center about the Yankees' new park, which it is hoped to complete late next fall. The new stands will seat between 50,000 and 60,000 persons.

PAUL WOLF BAGS A LIMIT OF DUCKS.

A fine limit of big ducks was brought from Oxnard by Paul Wolf Monday. Wolf, who tinkers with sailing guns at the S. H. Dyas, says that it took him the whole day to bring down a limit.

Joe Ambrosy and Dr. Friend left yesterday for the Lomitas Gun Club, where they will try their skill with the blunderbuss.

darned slippery. Aside from that he doesn't mind the wet. Though many of the native weather prophets agree that it is going to rain some time this year, none of them are willing to go on record when Omigod signs mean nothing at all any more in our weather league.

WILD RUMOR.
Questioned as to whether Gus Welch, who has been turning out some pretty fine teams at Washington State ever since Bill Dietz left Pullman would depart this year, J. Fred Bohler, athletic director, registered an emphatic "no."

"Just another of those wild rumors," he said. Bohler indicated Washington State is thoroughly satisfied with Welch, and if he goes it will be of his own volition. It's a great stunt in the Northwest, says Bohler, for the papers to begin plucking the coaches when the season draws to a close and the recapitulations are in order. Dick Rutherford of the Oregon Aggies has already been nominated for the Cast-off League because the Aggies started strong and finished weak.

Though there is probably little difference in the weights the Cougars bear little resemblance to the Aggies. Whereas the latter were short and chunky the Cougars are taller and lankier. This is not the case in the backfield, however, where diminutive Mike Moran, star of the Marine team of war days, is the heaviest of the men behind the line. Mike is prematurely gray, but that doesn't prevent him from hitting the line like a pile driver.

Here is the complete roster of the boys who will wear the crimson jerseys in Saturday's intercollegiate battle.

Hamilton, tackle; Durrwachter, left guard; Dunlap, center; McKay, guard; Duntan, tackle; Hickey, end; Melvor, halfback; Sax, quarterback; Winans, halfback; Moran, fullback; Harold Hanley, end; Sandberg, halfback; Shadan, quarterback; Zaeffel, halfback; Loomis, end; Huffman, guard; Meeker, tackle; Davis, guard. They are staying at the Maryland.

PRaises of Muller of U.C. AND BOYLE OF U.S.C. SUNG TO TINY MAXWELL IN EAST

BY ROBERT W. (TINY) MAXWELL.
(EXCLUSIVE DISPATCH.)

PHILADELPHIA, Nov. 29.—While championships are being decided in this section of the country and experts are doing their best to find out which team will be awarded the crown, the game of football also is being played on the Pacific Coast. There are several high-class teams out there, star players have stepped into the spotlight and it is claimed that some of the athletes are as good, if not better, than those in the East.

Unfortunately, the Pacific Coast representatives have not been seen in these parts and it is impossible to tell what's what. We have a line on the Middle West and the South, because of the games played here by Chicago, Indiana, Georgia Tech, the University of Georgia, Centre College and Nebraska, and are aware that eastern teams can be beaten. The game is being played up to the highest standards in those sections of our country, and it is safe to assume that the eleven on the Coast also are good.

Andy Smith, who arrived here from California, had one of the best foot on the Coast and the product of the Golden West. This is strange, because Andy is a wonderful coach and will get results if he has any kind of material to work with. California decisively defeated every opponent and grabbed the championship. Now an effort is being made to arrange a game with a representative eastern team for New Year's Day at Pasadena.

BRICK MULLER BOOSTED.
But to return to the star players in the far West. The following letter throws some light on the subject, as it was written by one of the recognized experts in Los Angeles. Here it is:

"Dear Sir—I am taking the liberty of writing to you in regard to three players who should, I believe, receive consideration in regard to the selection of an All-American team. "As a football writer it has been my pleasure to have seen the leading teams in the West play this year. In the last five years I have seen Harvard, Stanford, Brown, Syracuse, Pennsylvania, California, Washington State and Oregon play at Pasadena New Year's Day. "Brick Muller, California's end, is the greatest offensive and defensive player I ever have seen. He passes the ball 60 yards with the same accuracy Workman of Ohio State, passes 15. He tackles surely and savagely, and at the same time never forgets the fundamental duty of an end and turning a play in. Last year he alone stopped Pete Stinchcomb, Ohio State's brilliant halfback. In this same game, by actual count, he was at the bottom of four out of every seven plays Ohio started.

"I have seen him snag a long forward pass six inches from the ground on a full-length drive. I have yet to see him miss a pass which he was able to touch.

"He weighs 260 pounds, is a champion high jumper and a whirlwind on his feet. I do not believe he has an equal playing the game today.

BOYLE IS GREAT TACKLER.
"The second man I would recommend is I think, of as much value to his team as Muller. He is Johnny Boyle of the University of Southern California, the outstanding tackle on the Pacific Coast this year. He weighs 210 pounds and is 6 feet 2 inches tall. Although California defeated U.S.C. 18 to 7, this chap Boyle was the outstanding star of the game. Boyle is a brilliant California tackle, who was placed on Mr. Camp's second All-American selection last year, was a puppet in his hands. He handled him as though he were a high-school player. He ripped holes in the much-touted California line so wide that a wagon could have passed through. On defense he played like a wild man. In this game I saw him take out five California men from the interference and then tackle the runner.

"I have seen the strong eastern eleven play, and I am not kidding myself when I say that I have yet to see a tackle worthy to play on the same team with Boyle.

"The third man I would bring to your attention is little Jimmy Bradshaw of Nevada. He is a dashing, slippery backfield man. In his play he reminds me much of Milton Romney of Chicago. However, he has it on the latter in that he is cool and quick thinking under fire. His strategy and his field is something marvelous.

"We have splendid teams on the Coast this year. I wish you were able to be out here and see them play. Even our high-school games draw crowds of 20,000 to 25,000. This is when no title is at stake and four teams are playing on the same day.

"I earnestly believe it would be a great thing for you to come out and see the New Year's game and have a chance to look at California in action. Then a lengthy description of Muller's play would be unnecessary."

MITTS TO FLUTTER TONIGHT.

Nolan and Welsh Furnish Big Thrill in Navy Boxing Program.

Mitt-shing goes of the Pacific Fleet being scarce because of the absence of many of the big ships from Los Angeles Harbor, tonight's fight card at the Chief Petty Officers' Arena at Point Fermina will be a mixed one.

Matchmaker Tom Conlin of the Submarine Base has lined up a half-dozen sons of Italy for the preliminaries.

The main bout will be between two 145-pounders, Tommy Nolan of the fleet train flag ship Connecticut, and Scotty Welsh of the Sub Base.

Old-timers will be given a jolt when Lott Maier announces "Packey McFarland in that corner" for the semi-wind-up. The boxer who has adopted the name of the old-time lightweight, will meet Johnny Marco of Los Angeles at 135 pounds. The scrappers are unknown to local fans, but the bout should prove a feast if it is better than the scrap scheduled between Salter Lucas, of the U.S.S. Nanshan and Mickey Masters of the Connecticut. Both fighters have developed speed and a willingness to fight at Pacific Fleet smokers. The event, which is fourth on the card, promises to be the best of the entire show.

In the preceding preliminaries Kid Marlow of the U.S.S. Camden, will meet Andrew Sacramento, Los Angeles Harbor newboy in a four-round go at 135 pounds. Other bouts scheduled will be between Charley Aliso and Ed Crum, at 115 pounds, and Johnny De Quisto and Young Pico, flyweights. All four are products of the harbor district.

PLAN TO REVIVE DYAS-ARROW CLUB.

An attempt is being made to reorganize the old Dyas-Arrow Athletic Club that had an important niche in local basketball circles some years back. With Bill Goodman, Bill Lane, and Art Kruse, former coaching staff, and Gene Mahoney, Harold Dickinson, Lanky Wallis, Al Farmer and several other athletes the B. H. Dyas Company is expected to be represented by a first-class five before long.

Practices is to be begun soon in the Y.M.C.A. gym, and games are being arranged for by the coaching trio.

The Popular "USCO" TREAD 30x3 1/2

THE American public knows that United States Tires are never marketed on "price."

People look to the makers of U. S. Tires for quality traditions. They do not want to see a policy of superiority nibbled away for the sake of a mere price appeal.

So we say this to all those loyal followers of U. S. Tires—

Do not buy the 30 x 3 1/2 "USCO" Tread because of its new price of \$10.90.

Buy it because it is the greatest money's worth on earth today.

Buy it because of honest quality as against "bargain offers," "inside discounts" and "special trades."

An outstanding product—marked with the maker's name—the retail price quoted in plain figures.

A challenge to the tire-trader who would rather sell you an unknown tire on the basis of "so much off list"—and let you find out its real value afterward.

Prices on all U. S. Tires and Tubes Reduced Nov. 10th. Ask your dealer.

CHICAGO DRIVE FOR OPEN SHOP
Extortion, Greed Force Business to Demand Change.
Campaign for \$3,000,000 to Enforce Award.
Past Trouble Placed Upon Union Officials.
[EXCLUSIVE DISPATCH.]
CHICAGO, Nov. 29.—"We are going to enforce the Landis wage award and working conditions in the building trades, no matter what the cost. We are asking \$3,000,000 and the support of every business man and every industry in Chicago to make the city and its suburbs a real 'open shop' area in every trade that does not enforce the award."
This message was delivered to managers of fifty-five subdivisions of the Association of Commerce today by Thomas E. Donnelly, chairman of the executive committee of the citizens' committee, and asked that each subdivision head in the association preach "the Landis award on every occasion."
"This rotten situation we are combating in the building situation," Mr. Donnelly said, "has existed in Chicago for more than twenty years with all its graft and delay."
COMMITTEE OF PUBLIC.
"This committee is of the public and for the public. We are out to protect public interests. We will begin this week a survey of every building job in town and we will follow up every violation of

WOULD CAPITALIZE UNREST.
[BY A. P. NIGHT WIRE.]
SALT LAKE CITY, Nov. 29.—The West should capitalize the unrest and unemployment situation by pushing reclamation plans that will provide homes for the former service men and work for the army of unemployed, Gov. Davis of Idaho, president of the Western States Reclamation Association, declared today at the opening meeting of the association held here.
Addresses of welcome to the delegates drawn from thirteen Western States were made by Gov. Mabey and F. C. Schramm, the latter president of the Salt Lake Commercial Club.
home builders and contractors who refuse to observe the Landis rules and working conditions.
The carpenters' organization, which steadfastly refused to be a party to the Landis arbitration, or to accept the award he later advised would be asked in the referendum ballot, to give its arbitration board full power to settle the question on a basis of a uniform wage for all trades.
It is stipulated that such a wage must not be lower than the highest wage award to any building trade under the Landis award, which is \$11.10 an hour. Ninety-five cents an hour was suggested by the Federal arbitrator as a fair wage for carpenters.
ROADS TO GIVE UP SHOPS.
[BY A. P. DAY WIRE.]
NEW YORK, Nov. 29.—Reports that several of the large eastern railroads had issued their repair shops to outside companies or were considering plans to conclude such leases were confirmed yesterday by railroad executives.
It was explained that the desire to effect greater economies in operation, together with the recent controversies over rules and working conditions, had prompted the roads to relinquish control of their shops, thus removing repair work from jurisdiction of the Railroad Labor Board and the established wage scale which the latter bodies shall be paid.

GERMAN BOOM NEARING END?

Ministries Alarmed at Decline in Industries.

Strongly Worded Warnings Are Issued to Trade.

Export Figures Show Market at Standstill.

(BY CABLE-EXCLUSIVE DISPATCH.)
BERLIN, Nov. 29.—In the end of the German industrial boom in sight? The Ministry of National Economy and Ministry of Labor have issued strong warnings that the turn of the wheel is to be expected at an early date. The Ministry of National Economy has sent out a note calling upon all public authorities to carry out only the most necessary public works, and to suspend those which can possibly be stopped, so that when serious unemployment sets in there will be a reserve of work which will absorb at least a portion of the workless.

MANY BAD OMENS.
Other omens of bad times coming are by no means few. The Deutsche Allgemeine Zeitung declares the textile industry has passed the zenith of its boom, and industry in general is reaching a serious position because it has no means at its command to buy raw

GIRL TO FIGHT HANNA WILL.

(BY A. P. NIGHT WIRE.)

WHITE PLAINS (N. Y.) Nov. 29.—A contest of the will of Daniel Rhodes Hanna, former Cleveland publisher, and son of the late Senator Marcus A. Hanna, today appeared certain, when attorneys for Miss June Avis Evans filed a

material at high and increasing prices. "At a time," it says, "when the price of cotton, for example, is moving downward on the world market, the German manufacturer must pay twice as much for it as he did less than a couple of months ago."

As the price of raw material varies, so much the manufacturer hesitates to buy, he cannot fulfill his orders, and there are large numbers of foreign traders at present in Berlin, endeavoring with very little success to obtain delivery of orders given some time ago.

EXPORTS NOT INCREASING.
Even export figures on which the recovery of the market depends, cause anxiety. The latest official reports show that in spite of cheap sale, exports are not increasing, and there has been no such rise in exports as during the 1919-20 spurt. Official experts declare it is really the home consumer who is buying most, and the fear is that when the home boom ends, exporters will flood the foreign market with goods and make things worse than ever. Traders are being officially warned against selling at low prices, as that may bring about more severe customs restrictions abroad, and thus harm will be done

to the economic strength of the country. Too much stress should not be laid on the recent decreases in unemployment figures. The railways and government offices are even more heavily overstaffed. Large private concerns are forced, owing to decreased physical fitness of workers and shorter working hours to employ larger numbers of men than was formerly the case.

AMERICAN ADMIRAL VISITS YOKOHAMA.

(BY CABLE-EXCLUSIVE DISPATCH.)
YOKOHAMA, Nov. 29.—Rear Admiral Strauss will arrive at Yokohama on December 2, aboard the cruiser Huron and will pay a visit of courtesy to Japanese Admiralty officials. This is the first American warship to visit Japanese waters for some years owing to the strained relations and the difficulty of controlling the crews while ashore. On account of the clash of members of the Huron's crew with the Japanese at Shanghai last summer probably the 600 men aboard the cruiser will be compelled to see Japan from the ship's rail.

NICE FIGHTS HOURS WITH LONE BANDIT

Robber After Beating Up Woman Surrenders When Gassed by Police.

(BY CABLE-EXCLUSIVE DISPATCH.)
NICE, Nov. 29.—An all-afternoon battle between a lone bandit and the police in the heart of Nice ended this evening when, following a gas attack, the bandit surrendered. Shortly after noon the robber attacked a woman with a hammer in her apartment, beating her so severely that she will die. He was discovered and chased to Nice's boardwalk, where he was cornered.

Surrounded by a crowd, the bandit opened fire, killing a policeman and wounding a bystander. He then fled to a building where he barricaded himself. A fire company was called and police dogs were sent in, but he kept up such a steady fire that he was able to hold off the attackers. Finally the police succeeded in throwing in gas bombs and after a half-hour of this he surrendered. More than 10,000 persons, who had watched the battle, followed the police wagon bearing the prisoner to jail, shouting "Death to the bandit!"

Never, in the history of ENGLISH WOOLEN MILLS, have we offered such values in Tailored-to-Order Suits and Overcoats as now. Our "imitators"—our self-styled "competitors"—say we can't do it—but WE DO, and here's the reason why: Our low rent, upstairs stores, with cheap, plain fixtures, and our tremendous SPOT CASH Buying Power, with no Credit Losses for YOU to help pay, give YOU the benefit of price reductions on your clothes that small one-store merchants, with heavy overhead expenses, cannot meet.

Our customers pay only for values—NOT for expensive fixtures, high rent, "free" turkeys and other things that have to be added to the price of clothes.

Our challenge to ANY tailor on the Pacific Coast to duplicate our Values is always open—now or any time. We not only welcome comparisons—we thrive on them.

Latest patterns, down-to-the-minute fabrics, every desirable coloring and shade, are included in our wonderful display of fashion's latest decrees in All-Wool Suits and Overcoatings for the autumn and winter season of 1921-22, now ready for your careful scrutiny. Our buyers have exhausted the possibilities of the most important Woolen Markets of the World, and every table in this—the Largest Upstairs Tailoring Store in the West—is piled high with Suits and Overcoatings selected with the most discriminating regard for the climatic conditions of Southern California. For men who want the BEST, regardless of price, we have some special importations priced a little higher—but still way below what others ask.

The economy of trust company executorship

As executor or administrator of an estate, Title Insurance and Trust Company keeps all records complete and instantly available.

It is often able to make legitimate savings, obtain proper tax deductions, save premiums on bonds and effect other economies frequently neglected by individuals serving in a similar capacity. Additional savings are office rent, book-keeping, correspondence and clerical charges, to say nothing of the savings due to sound judgment and skillful management.

It is largely the economy and safety of trust company executorship and business efficiency that is responsible for the fact that money and property totaling in value over fifty billions of dollars is now under the management of the trust institutions of the United States.

Prohibitionist Treasurer Doesn't Feel Like Carrying Corpse Around Any Longer, He Says.

(BY A. P. NIGHT WIRE.)
CHICAGO, Nov. 29.—Fate of the Prohibition party was debated here today at a conference of party leaders. Tomorrow the National Prohibition Committee will take it up.

It developed that there was some sentiment in the party's rank and file that its work was done, that its machinery had disintegrated in several States and that some of its staunchest contributors saw no further need of lending their support.

Vigorous opposition was raised toward any abandonment of the old party. There was considerable sentiment for reorganizing the party, giving it a new name and furnishing it with a new appeal in new issues. This, however, failed to meet with general assent. Opposition toward disbanding the party came chiefly from Pennsylvania, where its strength is greatest.

H. P. Farris of Clinton, Mo., national treasurer, told the conference that when a thing was near dead as the Prohibition party, he did not feel like carrying around the corpse.

Sentiment also split on prohibition enforcement. While all asked for more effective enforcement, Miss Marie C. Brown, of Long Beach, Cal., regarded prohibition enforcement as an unknown quantity.

In any case the party's status is likely to remain unchanged for some time. Its national committee is regarded by party officials as

BUCKLEY SAFE ACROSS BORDER.

Head of American Association of Mexico Expelled.

Criticism of Government of Obregon is Charged.

Had Spent More Than Week as Refugee in Embassy.

(BY A. P. NIGHT WIRE.)
LAREDO (Tex.) Nov. 29.—William P. Buckley, president of the American Association of Mexico, crossed the border today, having been expelled from Mexico City.

Buckley, who traveled to the border on a "safe conduct" obtained through American Charge Summerlin at Mexico City, said he had been expelled on complaint of the Mexican Minister of Foreign Affairs, who advised him through Summerlin "to leave the country for his own safety."

UNDER ARTICLE XXXIII.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, Nov. 29.—William P. Buckley, president of the American Association of Mexico, for whom American and Mexican government issued an order several weeks ago, left Mexico City Sunday night, proceeding to Laredo under a "safe conduct" furnished by Foreign Secretary Paul. Although technically he has been expelled under Article XXXIII of the Mexican constitution, it is understood it will require "authorization" from the Mexican President to effect his return, which has the effect of arbitrary expulsion, without actual enforcement by officials here. His journey to Laredo, however, was with the full consent and knowledge of the officials in Mexico City following his five days' stay in the American Embassy, where he took refuge.

CAUSED MUCH EXCITEMENT.

His case has caused much excitement here, where he was well known for years as a business man. When he arrived in Mexico City two weeks ago, it was rumored that an order for his arrest had been issued and George T. Summerlin, the American charge, immediately took up the case with the Foreign Office. He was told that Buckley was to be deported because of his activity against the present Mexican government, and for more than a week Summerlin made futile efforts to obtain a copy of the written charges.

Meanwhile, a refugee in the Embassy, Buckley communicated at length with the Washington officials, but the best information is that no instructions have been received from the State Department. He should pursue were received from them.

On Sunday, Buckley decided to leave the Embassy and depart for the United States. Charge Summerlin then communicated with Foreign Minister Paul, who immediately furnished the document necessary for the American's safe travel to the border.

MAKE THIRD ARREST IN ROBBERY OF TRAIN

WASHINGTON MAY TAKEN BY FEDERAL OFFICIALS FOR BOND THEFT.

(BY A. P. DAY WIRE.)

SEATTLE, Nov. 29.—Ben Wilford, proprietor of a roadhouse at Union Mills, near Olympia, Wash., was arrested here today on a warrant charging him with possession of stolen goods obtained in the robbery of \$150,000 in negotiable bonds and securities from a Southern Pacific mail train at Sacramento, Cal., May 19. The warrant was based on a secret indictment returned by a Federal grand jury here last night. Wilford's bail was fixed at \$10,000.

Shortly after Wilford's arrest, another warrant charging him with possession of stolen goods was sworn out by U. S. Commissioner McClelland. Bail in the latter instance was fixed at \$20,000.

Three other persons are in custody in California cities in connection with the robbery, one of them, John Haanstra, having been arrested here after he had been traced north from California. Federal officers today said Haanstra stopped with Wilford at Union Mills for two weeks last September. According to officers, alleged stolen bonds to the value of \$22,000 have been recovered here and at Olympia.

SAN FRANCISCO, Nov. 29.—John Haanstra and A. H. Kane are in prison awaiting trial on a charge of committing the mail robbery at Sacramento, May 19. Kane, who was arrested in Milwaukee, is at Sacramento, while Haanstra is held here. About \$20,000 of the securities already have been recovered, according to Stephen H. Morse, chief postal inspector here. He said Wilford is believed to have attempted to sell \$500,000 worth of bonds in Olympia and \$14,000 worth in Seattle.

SEARCH FOR ESCAPED PRISONERS CONTINUES

(BY A. P. DAY WIRE.)

WEAVERVILLE, Nov. 29.—Search for two of the four Folsom prison road camp gang members, who broke out of the Trinity County Jail here last night, was continued today by a posse in a drizzling rain. The two missing men are Cecil Murray of Merced county, and Alfred Witterwood of Sacramento. The others, John Gaylor of Los Angeles, and John G. Deshore of San Bernardino, surrendered themselves a few hours after their escape.

The jail break was accomplished, according to the authorities, shortly after supper, when Murray picked the lock of his cell and then unscrewed with a wrench, the door bolts of the cells, where the others were confined. The four convicts escaped from the road camp at Folsom, Trinity county, last week but were recaptured and held here pending return to Folsom for trial on charges of escaping from the camp.

EDISON COMPANY BONDS.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Nov. 29.—The Southern California Edison Company asked authorization from the Railroad Commission today to issue \$7,500,000 in stock, the proceeds to be held in its treasury subject to the commission's orders.

C. FRED KOHL WILL FILED FOR PROBATE.

WIFE HAS CHOICE OF \$1000 A MONTH FOR LIFE OR \$250,000.

(BY A. P. NIGHT WIRE.)

REDWOOD CITY, Nov. 29.—C. Fred Kohl, San Francisco capitalist and clubman, who ended his life at Del Monte last week, left his widow, Mrs. Elizabeth G. Kohl, her choice of \$1000 a month for life or \$250,000 outright. He bequeathed \$250,000 and the residue of his estate to a friend, Mrs. Mariation Lord of New York, according to the terms of his will, filed here today for probate.

His estate amounted to several million dollars, his attorneys stated. Other bequests included \$50,000 to his former secretary, Alan Maginnis of San Francisco; \$25,000 each to Reva and Mary Dunlap of Philadelphia, relatives of his first wife, and \$25,000 each to the Hebrew, Roman Catholic and Protestant orphanages of San Francisco, and the Children's Hospital of that city.

GRAND JURY MAY GET SHIPPING BOARD CASE

(BY A. P. DAY WIRE.)

WASHINGTON, Nov. 29.—The government is preparing to lay before a Federal grand jury here on December 8, the results of its investigation in charging with certain transactions between Charles W. Morse and the Shipping Board. Reports have been current in Washington and New York for some time that the government was contemplating a grand jury proceeding.

Fletcher Dobyns, special assistant Attorney-General, attached to the Shipping Board, when asked regarding the report, would say no more than that the case would be completed. The report which has been current has said that others beside Mr. Morse would be involved. So far there has been no confirmation of that.

FOOD IS URGED TO SAVE RUSSIA.

Dr. Vernon Kellogg.

Dr. Vernon Kellogg, who accompanied the first American relief administration food train into the famine districts of Russia, has just returned to the United States to report to the Hoover organization on conditions in that country of starving millions. Fifteen million people, Dr. Kellogg says, are in imminent danger of death from hunger and another 15,000,000 are approaching the danger point of food shortage, unless America comes to their aid.

In order that relatives in this country as well as others may have opportunity to save these people from certain extinction, the American relief administration has opened a food remittance department at its office, 42 Broadway, New York, where foodstuffs to the value of from \$10 to \$50 can be purchased in \$10 amounts for delivery to any individual in Russia. Should the supplies be needed for an institution, \$500 worth can be bought. Anyone wishing to make use of this system can, by applying to the Administration's New York office, receive a blank to be filled out according to directions and returned with a money order or check.

The remittances are then forwarded to Moscow for distribution to the various A.R.A. warehouses, at which the individual designated by the purchaser is notified to report for his supplies.

WANT BETTER CAR SERVICE.

Back Towns Air Grievance at Conference.

Pacific Electric Counsel is for Boost in Fare.

Spoken for Cities See Need of More Trains.

Problems of interurban traffic, in which residents of Long Beach, the harbor district and the inland towns of Orange county are interested, were given attention yesterday at the second of the series of conferences participated in by officials of the Pacific Electric, engineers of the State Railroad Commission and representatives of the communities served by the trolley company.

The settlement of Long Beach and San Pedro, citizens on the present rates and service of the transportation company received a thorough airing during the forenoon session. There seemed a well-defined belief that, inasmuch as traffic to and from the beach cities has increased five-fold in the past few years, and that fares of commuters have also been jumped, with an additional rise in prospect, while local service has not kept pace, the seaside communities are being forced to make up deficits of the transportation company on their lines of Southern California.

A city of 75,000, which anticipates a population exceeding the 100,000 mark within a few years, it was contended by City Attorney Hoodsmyth of Long Beach, should have street car service more nearly commensurate with its size. Chief Counsel Karr of the railway company said the latter will be glad to build any new lines which can be operated to cover substantial expenses, but he contended that a 5-cent fare is too low.

SEEK NEW DELAY FOR MRS. PEETE

But It Begins to Look as if She Will Go to San Quentin Soon.

The possibility that Mrs. Lolla Louise Peete, convicted of the murder of Jacob Charles Denton, will leave for San Quentin prison this week or early next week to begin a life term was indicated yesterday.

Henry O. Bodkin, of Ford & Bodkin, defense attorneys, had a conference yesterday with Judge Willis, who sentenced Mrs. Peete, relative to the possibility of filing a motion for a stay of execution of the sentence for ten days. It was stated after the hearing that the court had indicated that he did not have jurisdiction in the case.

Mrs. Peete, it is understood, would the judgment held up that her husband, Richard C. Peete, and her daughter, Betty, might come here from Denver to see her before she leaves. It was indicated that an appeal might be taken to the United States Supreme Court. The remittitur from the State Supreme Court, indicating Mrs. Peete, was received yesterday by Judge Willis.

LAST TRIBUTE IS PAID GEN. BOUTON.

PALLBEARERS AT FUNERAL INCLUDE VETERANS OF TWO WARS.

Effluvia to the services he gave his country and humanity were paid yesterday at the funeral of Gen. Edward Bouton by comrades of the G.A.R., who had served with him in the Civil War. The funeral was held at the funeral home on West 10th street, where the casket was placed. The funeral was held at the funeral home on West 10th street, where the casket was placed.

Dr. Carl S. Patton, pastor of the First Congregational Church, conducted the funeral service in connection with Stanton Post of the G.A.R. C. H. Haskins, of the post, read the general's war service as well as his life as a comrade for the past half century. Other members of the post also gave brief eulogies. J. E. Haskins, Civil War trumpeter, sounded taps at the chapel and at Inglewood Cemetery, where the body was placed in a mausoleum. Honorary pallbearers were chosen from members of Stanton Post with an escort of honor from the American Legion. The honorary pallbearers were: C. H. Haskins, Charles F. Darby, J. Verbum, J. A. Aubrey, W. S. Dunham and J. E. Haskins. By veterans of the World War, Sgt. Harcourt, Welsh, Sheehy, Coaling, Ward and Flowers, were the active pallbearers.

RAIL IS FORFEITED BY ACCUSED AUTOIST.

Failure of Alexander Steele, a business man, to appear in Justice Hall's court yesterday to answer to a charge of driving while intoxicated, resulted in his bail of \$100 being declared forfeited. It developed yesterday, according to information given to the court, that Steele was arrested on that charge on the day he was to have appeared in the superior court on a similar charge. The case was continued once before by Justice Hall because of the failure of the defendant to appear.

HOLLYWOOD MEN GO TO JAIL AT STUDIO.

Three hundred Hollywood business men went to jail last night, at the Charlie Studio. Capt. Home of the Hollywood police division conducted them through thirty side erected especially for their benefit, when the Hollywood business men's association gathered for a meeting. Virtually every star on the Charlie lot helped with the entertainment.

GETTING READY TO PAY THE PIPER.
 Next Monday is the day of execution. Hangman's day. Blue Monday. A season when the human language is reduced to impotent dots and dashes. The day upon which all hope flees, the Constitution falls asunder, a government of, for and by the people totters upon its throne; the Doomsday clock is abroad in the land. Taxes are due and payable.

Tax day in California is not a time to be taken lightly. Long since it has ceased to be a fitting subject for ribald mirth, even in the face of the Governor's defense that it's not how much, but how good. There is nothing cheap about our Governor, and if he is really as good as the tax list indicates as it lists and lists, California is the most perfectly governed political division an optimistic sun god ever shone upon.

Every time this costly little ball we call the earth completes a turn around itself the free and independent people of this sovereign State must dig deep and raise \$1,000,000. One million from men, backed by a nation's credit, for which we receive a few hours of the superior kind of government from Washington and the payment of a bit of interest on accumulated paper.

Does \$1,000,000 pay California's tax bill for a single day? No, gentle reader, not by a long way. For the day of the year after laying down our \$1,000,000 plasters every day for a year, including Sundays, holidays and double-headers, we would still be \$15,000,000 chips shy, and the game would stop until the kitty had been properly sustained.

In other words, California's yearly tax bill is \$380,000,000 in return for which we have the honor of being the most expensively organized State extant. Of this total approximately \$200,000,000 goes to the Federal government and out of this in turn 90 per cent is used in payment of war bills already incurred and in preparing for wars in the future. The conference now in session at the capital may give us some relief from this end of the burden, but over and above that the cost of our home-brew government is sufficient to take our mind's eye from Washington and focus it firmly in Sacramento.

It was recently pointed out in a speech made by a former member of the Legislature and revenue tax collector in a large California city that when he was in the Legislature fourteen years ago the State government was so bad that the people finally revolted and overthrew it. One of the principal arguments advanced against the organization in control was the wickedly extravagant expenditures which had sent the biennial tax bill up to the staggering sum of \$18,000,000.

Then this ex-official piles precept upon precept, line upon line, here a little and there a little. You can double that tax bill, he said. Make it \$36,000,000 and the most pessimistic ought to be satisfied that that would be all of the increase we could have after getting rid of the bad government, but after you have doubled it, double it again, which gives us \$72,000,000, and we are still short of the current levy by a sum greater than the total tax bill of 1907-1908 for the State taxes for the present biennial term total \$91,000,000.

It is going to be difficult next Monday when Mr. and Mrs. Every-day Folks cheerfully (?) up to the captain's window and pay their toll to Caesar to convince them that California is getting \$91,000,000 worth of government. That sum, they will argue, ought to provide a lot of plain and fancy governing. It should buy even more commissions, and by pinching it good and hard might it not be induced to yield some highways that don't have to be shoveled off to one side and piled in unsightly heaps after a few months wear and tear?

They will be told, the insistent ones, that the people only think they are paying taxes; that in reality the corporations pay the expenses of State government. What they will not be told is that a corporation earning a fixed return on its capitalization can ill afford the luxury of a \$91,000,000 government and so is compelled to pass the bill along to the ultimate consumer, who, under all and any circumstances, always pays the piper. The corporations simply act as collectors for the State.

There is less excuse for a \$91,000,000 tax bill in 1921 than there was for a bill of \$18,000,000 in 1907. Had the good people of that not so distant day been told, as they turned the rascals out, that in 1921 it would cost \$91,000,000 to revolve the wheels of government under an administration which defends itself beneath the cloak of efficiency they would have put their informant down as a raving rascal, and yet if the cost of "efficient" government has increased from \$18,000,000 to \$91,000,000 in fourteen years, what right have we to deny the possibility of a fine bold increase in the next fourteen years? That would only bring the bill up to \$460,000,000, and if \$91,000,000 gets us this much efficiency, just think what we could have for \$460,000,000.

Not how much, but how good. What is the Governor's limit, we wonder? At what figure would he declare perfection attained? A billion? Two billion? Why hicker over a few hundred million? What are they among friends? Why not get good and good while the getting is good? Why have any limit save the sky, and when even that is reached there are other worlds to conquer.

State and county taxes will be delinquent with severe added penalties after next Monday. There is no escape. Death and taxes are the certainties of life. We have made our bed and it's most time to "hit the hay."

SHAKESPEARE ROARS IN.
 It has been a year for the unexpected but who, even under the spur of the most fancy-fanning booth, could have foreseen that it would have been a Shakespearean year?

If any name ever seemed embalmed, entombed and sealed over by the classicists certainly that of the Bard of Avon did. His plays had not been abandoned, to be sure, and the great actors still stood by the great element that can make itself felt very concretely at the box office, failed to respond. Shakespeare was still alive, to be sure, and now, without any warning, a change has come in the dramatic world. William Shakespeare has roared into popularity in his old way. He has, for the moment, ceased to be an immortal, and just plain, every-day, downtown mortals are eagerly manhandling their money for the privilege of endowing what he has to give them in the way of entertainment.

The present engagement of Robert Ma-

tell and his company in Shakespearean roles at the Mason Opera-house is breaking all records for attendance at such plays in this city. But even that would not be so important if Los Angeles were unique in this respect. The big fact is that everywhere in America this season Shakespeare is more popular than he has been for many years.

This may be a reaction from the milk-and-water plays, with their slavish bowing to the "happy-ending" dictum. It may come from one of those mysterious shiftings of intellectual interest which have so many times before caused men to alternately ignore and worship those who come bringing pearls of great price. It may mean that the pendulum is swinging back toward the legitimate stage.

But whatever it means, it is a fact, and facts are of more importance and are vastly more interesting than theories about them. Shakespeare is a master dramatist again, not under glass or in forgotten text-books or in study lecture halls, but in the one place where his mastery can be appreciated and enjoyed—on the stage, with really interested men and women looking on.

OFFICIAL TRIBUTE TO LOS ANGELES.
 Los Angeles county is given recognition and high distinction in United States census returns recently made public. The official figures show that this county again leads all of the United States in soil production, exceeding the second highest county, Fresno, by \$17,000,000. The Federal agricultural census is taken every five years and the figures now available are for the year 1919.

The official announcement is gratifying not only to Los Angeles county, but to Southern California generally, for Fresno county is second on the national list, Tulare county is fourth and Ventura, Orange, Riverside, Imperial and San Bernardino counties are high up among the leaders. Of the fifty leading counties in the United States California has thirteen, eight of them being in Southern California.

It is doubly effective in that it is only a recitation of facts with the compiling of which those most interested had nothing to do. It is irrefutable evidence in cold figures, a proof of leadership in achievement that cannot be gainsaid or discounted.

The Federal report is proof, from the highest source that the people of Southern California do not "live on tourists and climate." For many years the impression has prevailed in the East that this is merely a land of sunshine, flowers, balmy climate and tourists, whereas the progress in soil production and manufacturing industries has outstripped even the amazing growth in population. Los Angeles by the latest census was tenth in population among the cities of the United States. The fact that it is the nation's tenth city industrially is, however, much more significant of the size and nature of community growth.

Many truthful statements concerning growth in production of Southern California have been received in the East with skepticism, being regarded as exaggerations of optimistic and enthusiastic Southernland citizens. Government figures and announcements, however, have apparently made a profound impression throughout the country and one definite result of the official report is seen in the unprecedented rush of people from other States to come here. Nothing succeeds like success, says the old adage, and when the truth about Southern California's outstanding success and rapid advancement in all lines of community growth has been driven home by incontrovertible evidence it is natural that hundreds of thousands of people in other States desire to come and participate in the advantages of living in such a favored land.

The official figures showing that Los Angeles county is first in the nation agriculturally tell a wondrous story, but they do not tell it all. This county's achievement in maintaining its lead in soil production is truly remarkable when it is taken into consideration that it has had to meet the demands and encroachments of the fastest growing urban population in America. Los Angeles county farms and orchards have maintained the standard of agricultural leadership at the same time that a great metropolis has come into being. Los Angeles city has had to spread to take care of its tremendous increase in population. The same is true, in lesser volume, of other cities within the borders of the county.

Land that was covered with bearing orchards ten years ago has been divided into lots and been converted into home sites. Great areas that now are thickly dotted with dwelling houses were not long ago devoted to agricultural purposes. Holding the line in soil production, in spite of the great encroachment of urban demands, is due to the fact that Los Angeles county excels all others in its efficient and intensive methods. It may be that Los Angeles county will continue to lead the nation in soil production for several years. In any event it appears certain that when it is compelled by excess of population to yield first place in agricultural production its place will be taken by another Southern California county. Fresno now seems to be the most logical successor, although Imperial, Orange, Tulare, Ventura and San Bernardino counties are crowding closely toward the top.

TOO OLD.
 If this news had come from anywhere but China we could have accepted it with a shrug and a sigh. But China has always been the stronghold of the aged. The older a man was the greater respect his due and the greater his wisdom. Even mothers-in-law were entitled to greater respect and attention than riders. And grandfather was always infinitely more important than father.

But here comes the news that the people of the province of Anhwei have asked for the recall of their civil Governor because he is too old. And this after but three days in office. They are asking for some one young and vigorous, with a modern mentality. And what is even more to the point, the government at Peking is respectfully acceding to their wishes.

This is an innovation that makes monkey glands and goat glands more important than ever. For China has ever been ruled by her gray-headed elders, taught by gray-headed teachers, and guided by gray-headed pastors and bosses by gray-headed great mothers. It was the one country in which it was advantageous to grow old. The aged there were most careful to eschew all youthful frivolities.

But China did not prosper under this rule of the aged. The rest of the countries insisted upon remaining incurably young and boastful and bossy. Grandmothers and

grandfathers otherwise took to dancing, hair dye, beauty treatments and frisky apparel. They refused to be anything but young as long as they had an ounce of pep to draw upon. And to China's amazement these countries have prospered and progressed astonishingly under this graceless state of affairs.

So China is painfully reconstructing her ideas on this subject of age. And apparently she isn't going to be very tactful about it, either.

IT STILL MOVES.
 This life of ours has a way of evening up supply and demand in most extraordinary fashion. Various uses have been found for the automobile reaching its "saturation point," meaning that so many people have automobiles that only a limited "replacement" supply can be sold. Just about the time we have this all figured out, new uses for the automobile begin to appear. With the coming of concrete roads the automobile street car is created. Immense possibilities in the "caterpillar" type begin to show themselves (the French have just started using this principle to establish transportation lines across the sands of the Sahara Desert.) The world does move. It does not stand still. And while it moves it is a rash man who prophesies an eventual limit on anything.—Denver News.

A tightwad friend of ours, forgetting his purse the other Sunday, dropped in on a friend to borrow "two-bits" for the collection box at the church he attended. After the service he returned the money, declaring that the man with the basket had passed him by.

The Volstead law is on the books; it's there for keeps. I think; and wise men seek the babbling brooks when they would have a drink. For wise men know we cannot choose the laws that we'll obey; the ordinance forbidding booze has come, and come to stay; an epoch dry as dust has dawned, a juiceless age is born, and we must journey to the pond to get our morning horn. Oh, yes, in alley or in slum we yet may stave our thirst, but we must have a drink. Does Your Housework Tire You?

If your housework tires you unduly, if you suffer from headache, indigestion, biliousness or "blues," it means that your liver is out of order, your stomach is upset or your bowels are not working properly.

CHAMBERLAIN'S TABLETS

will provide the gentle stimulus that will set nature properly at work again. They will quicken your sluggish liver, tone up your stomach and gently cleanse your bowels.

You always should keep a bottle of CHAMBERLAIN'S TABLETS in the house and ready for the first sign of headache or indigestion.

HISTORIC PAPERS BOUGHT.
Documents of Early Days of California Reported Purchased for Henry E. Huntington.

(EXCLUSIVE DISPATCH.)

NEW YORK, Nov. 29.—The Fort Sutter papers, a collection of military records and private correspondence dealing with the operations of the American forces in the Sacramento Valley in California in 1846 and 1847, including the original manuscript copy of Commodore Sloat's proclamation of annexation written aboard the Savannah in Monterey Harbor, the original manuscript of General Fremont's "Call all Americans to arms" letter, and the original contract establishing the first postal service in California in behalf of the United States, have been sold by the Anderson galleries, it became known today, to the Rosenbach Company.

It is understood the purchase was made for Henry E. Huntington. The price paid was \$14,500. The papers were discovered recently after a search which lasted half a century, and have done much to clear up the mystery which has surrounded American military operations in California before the gold rush. They disappeared during the winter of 1848 when they were abandoned in the mountains in New Mexico, where Gen. Fremont was conducting a military campaign.

Bancroft, the historian, made an exhaustive investigation in the hope of finding them, but finally abandoned all hope of their discovery and stated in his volumes that a veil of mystery shrouded the events of 1846 and 1847 in the Sacramento Valley and that very little was known of affairs at Fort Sutter during Lieut. Richard Kern's administration there.

Among the papers are Edwin Bryant's proposal for raising a force to recapture Los Angeles; a collection of material relating to the rescue of the Donner party; a document by Semple establishing Gen. Fremont's leadership of the Bear-rag activities before his elevation to that position by the Sonoma convention, and a mass of other documents whose existence has previously been unknown.

Boost Bail of Assorted Fence of Fur Thieves.

After being at liberty on bail of \$1000 on one charge of receiving stolen property, Joseph Rosengarten, a local fur dealer, was lodged in the County Jail yesterday when his bail was increased by Justice Follette to \$10,000.

At the same time Rosengarten, who is said to be associated with a gang of fur thieves, was arraigned in the court on a second charge. In this complaint, issued by Dep. Dist. Atty. McClelland, Rosengarten is accused of defrauding Isadora A. Allen of ermine skins valued at \$445. His hearing in this case was set for December 4. Bail was fixed at \$2500, making a total of \$12,500.

Made Stills Near Office of Dry Chief?

Harry Cruik and J. Bam, in business at 102 Commercial street, within a stone's throw of the office of Prohibition Agent Avery, were taken into custody yesterday by Enforcement Officer Wheeler on the charge that they were engaged in manufacturing stills for the purpose of defeating national prohibition. They were held on \$100 each, before Commissioner Long.

It is stated the men have been in the business for some time but were able to escape prosecution for the reason that they failed to attach a few connecting parts, so that they technically escaped a violation of the law.

EX-DETECTIVE SORE AT "DOUBLE-CROSS."

"BUNCH" IN THIS CITY GETS RAP IN LETTER TO WIFE WHO DIVORCES HIM.

Among the exhibits in the divorce case of Martha H. Carroll against Frank D. Carroll, former police detective, is a letter from Mr. Carroll, dated San Francisco, March 12 last, addressed to his wife. Yesterday Mrs. Carroll won a decree in Judge Summerfield's court on the ground of desertion. In the letter, which was signed "Frank," it was stated the writer was waiting for something to turn up.

"I have my health and I am not afraid of hard work, so I am going to get by any way."

"One thing sure, I am not going to be mixed up with a bunch of stool pigeons and double-crossers like the bunch that hang out and call Los Angeles their home. It makes me sore to think I have put in the best part of my life in that racket and then run out of my home town along with it, and a bunch of heels can still walk the streets unmolested, but I will come out ahead in the finish."

The letter also states:

"I was up in Yosemite, but not on business. It is tough in this racket of mine at present. I have been dealing in the moonshine, and we manage to get by. It is hard to get a decent job."

The Carrolls were married in Santa Ana, Jan. 27, 1919. They separated Oct. 21, 1920.

CITY HAS OPTION ON TWO BUILDINGS.

MAY DECIDE TO BUY BOTH AND HOUSE MUNICIPAL OFFICES THEREIN.

The city has been offered the Douglas Building at the northwest corner of Second and Spring streets for \$450,000. President Criswell announced at yesterday's meeting of the City Council, the city to purchase the building and pay for it by monthly payments of \$7500 or \$30,000 a year.

Should the city buy the building it would receive, President Criswell said, \$26,000 yearly rental from the stores on the street floor, using the upper floors, to house the city offices now at Normal Hill Building, which must be razed to make way for the new \$2,000,000 central library, and for the offices which the city now leases in the Hoofield Building, adjoining the present City Hall on the south.

The City Council is also considering the purchase of the Lyceum Theater Building at 227 South Spring street, which has been offered for \$200,000, to be paid by annual payments of \$25,000. There is a possibility that the Council may decide to accept either or both offers, immediate action being necessary because of the desire of the board of library directors to begin the work of leveling Normal Hill as soon as possible.

BANKS WILL SELL CHRISTMAS SEALS.

INTENSIVE DRIVE AGAINST TUBERCULOSIS TO OPEN TOMORROW.

The Christmas seals of the Los Angeles Tuberculosis Association will be on sale in all of the downtown banks, members of the Los Angeles Clearinghouse Association, and at the First National banks of Hollywood and Vernon, according to an announcement yesterday by John P. Burke, vice-president of the First National Bank of this city, and treasurer of the organization, selling the holiday seals to raise funds with which to carry on its fight against the great white plague.

The seal sale formally opens tomorrow. It will be an intensive campaign lasting from December 1 to December 10, inclusive. Mrs. Daisy C. Danziger is directing the sale from the headquarters, in the Chamber of Commerce Building.

HEAVY LIABILITIES.

(EXCLUSIVE DISPATCH.)

FRESNO, Nov. 29.—Schedule of liabilities of the Setchel Fruit Company, now in the hands of receivers, was filed here today with Clyde H. Thompson, referee in bankruptcy. The total indebtedness is slightly in excess of \$429,000, while the assets will not exceed \$100,000, it is said.

Health, efficiency, success, and happiness is dependent upon the purity and nutrition of the blood stream.

The purity and nutrition of the blood stream is dependent upon the active condition of your liver and the daily and constant elimination of poisons which are forming in your body whether awake or asleep.

Seventy-five percent of the human body is liquid and the carrying of nutrition to every tissue of the body and the carrying of waste matter from the body through the bowels, kidneys, skin and lungs is dependent upon the amount of water taken into the system, therefore, one of the most effective means of preventing any form of illness and one of the greatest aids in restoring and maintaining a splendid enthusiastic, efficient, and worthwhile state of body and mind, is to drink 14 to 16 glasses of Puritas distilled water daily.

Pure distilled water is necessary, because all other water contains minerals in solution and these minerals congest the liver, constipate the bowels, harden the blood vessels and tissues of the body and bring on that exhausted—half dead—ambitiousness—no account sort of feeling, with which so many suffer and ultimately puts one on the shelf—many years too soon, suffering with some heinous chronic disease.

Cinema Director Unable to Reconcile Film Stars.

Reunites Jean Acker and Husband but for Day.

Douglas Gerrard Testifies at Divorce Hearing.

Douglas Gerrard, cinema director, who once succeeded in getting Jean Acker to meet her husband, Rudolph Valentino, cinema star, in a new reconciliation scene, was a witness in Judge Toland's court yesterday. He testified for Mr. Valentino.

"Mr. Valentino brought Jean Acker to my flat after their separation," said Mr. Gerrard. "I suggested going to the Alexandria. This was agreeable."

"I said to myself: That's all right, they are together, thank God."

The next day, Mr. Gerrard said, he rang up Mr. Valentino. The latter was overjoyed, but the day following Mr. Valentino came to his flat and said she had left him again.

"In a conversation with Jean Acker over the telephone," declared Mr. Gerrard, "I asked her why she and her husband could not live together. She said: 'It is impossible, he is dictatorial and I am not going to live with him any more.'"

Children to be Guests on Ship Christmas Day

Between 200 and 300 children selected by county charity workers will be entertained Christmas Day on the U.S.S. New Mexico. There will be a tree laden with toys, a Santa Claus impersonated by a seaman and a bountiful dinner for the children.

The giving of a Christmas entertainment has been the annual custom on the New Mexico since the ship was built three or four years ago. Last year she was here, and Los Angeles children were entertained. The New Mexico goes to San Francisco this week, but will return for Christmas. The cost of the toys and entertainment is paid by contributions from the officers and crew.

The New Mexico originated the children's Christmas party idea. Other ships of the fleet are establishing the custom this year.

SHIPBUILDING MERGER TOLD.

(Continued from First Page.)

Shipbuilding Company, where vessels to the value of approximately \$75,000,000 were built during the World War, has been idle for several months, having been shut down with the completion of the company's contracts with the Shipping Board.

It is considered one of the best-equipped plants of the kind on the Coast. The plant comprises sixty-five acres of ground, and ways were built during the war period for the construction of six ships at a time. During the height of its operation, the plant employed as many as 15,000 men.

The equipment includes, in addition to the ways, a big pattern shop, paint shops, oil house, carpenter shops, drafting room, salt-water pump house, tool shops and administrative offices.

The Southwestern Shipbuilding Company is headed by Marco Hellman, who has held the position of chief executive since 1918. J. H. Tobol is the vice-president and general manager, and W. F. Howard is vice-president.

PIONEER AUTO MAN DIES AT HOME HERE

ALBERT R. MAINES, VETERAN IN FURNITURE TRADE; FUNERAL TOMORROW.

Albert R. Maines, pioneer automobile dealer, died at his home, 429 South Kingsley Drive, at 8:15 a.m. yesterday, following an illness of two weeks. He was 69 years old. Death resulted from a complication of causes, hastened by a stroke of paralysis.

Mr. Maines was born in West Boon, Mo., and moved to Los Angeles in 1884. He engaged in the furniture business and established the A. R. Maines Manufacturing Company, maker of upholstered furniture. He opened one of the first automobile agencies in Los Angeles. This was a wholesale establishment, on Spring street, selling Orient autos, motorcycles and bicycles. He retired from active business more than twenty years ago.

He leaves a widow, Mrs. Sarah E. Maines, and two sisters, Mrs. C. W. Titcomb and Mrs. Ann Johnson, both living in Maine. The funeral services will be conducted tomorrow at 2 p.m. in the family residence. Burial will be at Rose-dale. Pierce Brothers have charge of the arrangements.

REAPS ONLY CLOUDS.

Southland Gets No Share of Rain Which Visits North.

While spasmodic rains fell from the Oregon line to the Tehachapi yesterday the Southland reaped only cloudy conditions. The forecast for today is similar. For Los Angeles and vicinity the predictions are for partly cloudy and unsettled weather.

ISSUE CALL FOR HOTEL PLAN FUNDS

Backers of Biltmore Here Urge Public to Subscribe; Campaign Ends Tomorrow

To those who have been intending to subscribe toward the erection of a \$7,000,000 hotel, but who have not yet done so, the committee in charge of raising funds for the project yesterday issued a strong appeal to forward their subscriptions immediately to campaign headquarters at 213 Pacific Mutual Building, because the campaign must be closed tomorrow, according to the terms of the leasing agreement with the Newman interests of New York, which will operate the hotel.

Approximately \$250,000 must be raised before tomorrow night. If the Biltmore project, which is regarded as a vital civic need, is to be successfully carried through, subscriptions can be either telephoned to campaign headquarters, or if desired, a representative of the committee will call when requested upon those who are interested.

Efforts to bring the total up to the required \$4,000,000 will be redoubled today and tomorrow, in order that John McE. Bowman can be informed by telegram that the financing of the project has been successfully completed. Unless \$250,000 can be raised before tomorrow night, the plan will have to be abandoned, since the leasing arrangements were made upon the condition that the funds needed for the erection of the structure would be available by December 1.

The campaign committee will continue to center its efforts upon the smaller subscriptions, ranging from \$100 to \$1000 each, since it is felt that the number of subscriptions of this size must be increased, if the project is to be properly placed before those who will operate the hotel as a community project.

Spouse Wanted 'Sister' in Home, Charge of Wife

Charging her husband with associating with another woman in their home, while she was ill, Alice Robinson yesterday sued Perry F. Robinson for divorce, naming Olive Walker as corespondent. Mr. Robinson even asked his wife to permit Miss Walker to come and live with them as a sister, the complaint states. Mrs. Robinson further charges that her husband failed to provide for her and that, on one occasion, he returned some groceries to a store, leaving her without anything in the house to eat. Mrs. Robinson's complaint was prepared by Atty. George W. Bush and Constance Leitch.

A Fur Sale of Importance

When Furs from the George Atelier are sold at prices far below the regular markings it is indeed to be considered seriously by women who can appreciate values in Fur. It is an event of importance.

It is especially an event of importance when the sale prices are lower than ever before on garments of equal value.

Women now regard George Furs as those most to be desired. That touch of artistry and design added to the quality of material and masterly craftsmanship make them the preference of all well-dressed women.

There are a few distinguished models of incomparable design and style offered at this sale and those women of modern means who aim to have a fur of true individuality rather than just "something unusual" will find their problem solved after a visit to the George Atelier.

Long Beach Solons Shocked by Advertisements.

"Just Foolin'," Says Proprietor of Dance Hall.

Council Cancels License to Prevent Frolic.

(EXCLUSIVE DISPATCH.)
LONG BEACH, Nov. 29.—Just when the thrifty followers of the terpsichorean art in Long Beach are about to enjoy all the delights of a widely and boldly advertised house party at a dance hall in the new Markwell Building, at Ocean and Pine, tonight, city officials step in and declare the event off. The boldness of the advertising of the scheduled debauch, which was to be open to all comers, and there were many prospective comers, struck the municipal authorities dumb. When the dignified solons gained their speech they denounced the event as a party under legislative measures and revoked the license of Bud Gerner, proprietor of the dance hall.

For the last week handbills have been distributed by Mr. Gerner's employees, advertising a big house party for Tuesday evening, November 29, in the Markwell dance hall. The offending circulars announced openly that "A bottle of Old Crow" would be given to each dancer in attendance, and that, therefore, those who would shake a nasty ankle to the entrancing rhythm of mean, low-down music, offered up by a premier jazz orchestra, should no longer weep over the Eighteenth Amendment.

"Come and put your foot on the rail," was the final appeal of the dodger, which has been widely distributed throughout the city and surrounding territory, it is said. The move to revoke Mr. Gerner's dance hall license was made by Councilman Alexander Beck. It was seconded by Councilman Welch, who declared that "this thing was done deliberately to ruin."

OLD AGE, HIS MARK!
Oliver Wendell Holmes, in the charming discourses of "The Professor at the Breakfast Table," refers to an unmistakable sign of old age. It is three parallel lines between the brows. We can detect the first traces of disease by signs just as plain.

When a woman suffers from back ache, nervous depression, dragging down pains, and those ailments peculiar to women, it is plain that she needs a woman's medicine. What other medicine could be more wisely resorted to than Lydia E. Pinkham's Vegetable Compound, which for half a century has proved the natural restorative for these troubles.—(Advertisement.)

DANDERINE

Stops Hair Coming Out; Thickens Beautifies.

35 cents buys a bottle of "Danderine" at any drug store. After one application you cannot find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.—(Advertisement.)

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dizziness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's.—(Advertisement.)

LOVE ALWAYS FINDS A WAY.

Midnight Marriage Completes Happy Romance in Ventura.

(LOCAL CORRESPONDENCE.)
VENTURA, Nov. 29.—Harry Stoner of San Pedro and Vesta Pendergast of Ventura got their marriage license here, but thought they would surprise their friends by going to Santa Barbara to have the nuptial knot tied.

Not until their arrival in Santa Barbara did they learn that marriages must be performed in the same county in which the license is secured. So they drove back to Ventura, reaching here about midnight.

After making some judicious inquiries they learned that it was considered fairly safe to wake Judge Isensee and ask his assistance. So the judge was called out of bed at midnight and lived up to his reputation for affability. And Mr. and Mrs. Stoner went away happy.

Effect on the good name of Long Beach, which has been widely distributed throughout the city and surrounding territory, it is said. The move to revoke Mr. Gerner's dance hall license was made by Councilman Alexander Beck. It was seconded by Councilman Welch, who declared that "this thing was done deliberately to ruin."

"Gerner would give the impression that this is to be another Arbuckle party," said Councilman Beck. Mr. Gerner stated tonight that he had no intention of giving away real whisky at the party and that the circular was merely an advertisement to draw a crowd. Each dancer, he said, was to be given a bottle of Old Crow, but not Old Crow whisky.

"The law prohibits advertising intoxicants," said Vice-Mayor Fillmore Condit, for ten years chairman of the executive committee of the National Anti-Saloon League. "This man would claim that his circular is a lie, that he is not intending to give away real whisky and that it is a joke. But it gives a very different impression."

City Clerk Waughop said Gerner applied to him for a permit to distribute circulars advertising a dance, but the handbills actually sent out were of a very different character.

Immediately preceding the vote which canceled Gerner's license with immediate effect, the Council had adopted a resolution offered by Beck, "heartily in favor of the enforcement of the Eighteenth Amendment."

This, said Beck, was the action of the Council. Condit, who has been named by Gov. Stephens as a delegate to the Law Enforcement Convention, which meets next week in Washington. Condit leaves tomorrow to attend this meeting.

MARSHAL FOCH TO PRESIDE.
Famous General to Official at Laying of Cornerstone in South Pasadena.

(LOCAL CORRESPONDENCE.)
SOUTH PASADENA, Nov. 29.—Commander Phillip F. Dodson of the local post of the American Legion is in receipt of a telegram from Marshal Foch stating that arrangements have been made whereby he will stop in this city next Sunday afternoon long enough to lay the corner-stone of the American Legion building which is to be erected here. The exercises will take place in the afternoon about 4:20 at Oak Lawn Park on Fair Oaks avenue, just below the Raymond Hotel.

At a meeting of the City Council held last evening, an announcement was made of the definite assurance of the coming of the distinguished visitor and the Councilmen made special arrangements for perfecting plans for his reception and for laying the corner-stone.

The building is a very memorial to be erected with funds voted by the citizens of South Pasadena in a recent bond election. Ground has already been broken and all things will be in readiness for the exercises Sunday afternoon.

LISTEN TO THE CALL OF HOME.

Aged Orientals Afraid to Die in Foreign Land.

Leave Homes Here for Graves in Fatherland.

Three Faithful Servants Had Many Friends.

(LOCAL CORRESPONDENCE.)
ONTARIO, Nov. 29.—Departure today for the land of their forefathers of three aged Chinamen, who form practically the last remnant of that large band of faithful servants who played such an important part in the early development of this section, was noted with more than ordinary interest by pioneer residents of what was known in the early days as the "Ontario Colony," comprising the present cities of Ontario, Upland and San Antonio Heights.

Goaded by the age-old superstition that they will burn in the Eternal Fires unless the final resting place of their bodies be in their native land, Pon Pau, Wai and Lin Chung departed today for San Francisco, from which port they expect to sail December 3 for China.

The three were to all intents and purposes perfectly willing to live in the land of their adoption, but dying is another matter. All expressed sorrow at their departure, but "can say."

All three are Cantonese and therefore, "cousins," signifying that they are from the same province. Won Pau, who has been thirty years in California, and practically all that time in the section, was the faithful ranch hand of Mrs. Robert T. Nelson, Euclid avenue and Twentieth street, whom he served for fifteen years.

Won Loy, another Chinaman of the old type, was the outdoor servant of Mrs. James L. Paul, Euclid avenue and Twentieth street, for whom he had worked for thirteen years. He is an excellent orchardist and it has been said of him—by his employer—that he is one of the finest irrigators in Southern California.

Lin Chung, the third of the trio, is probably the oldest of the three. He was the house "boy" of Mr. and Mrs. Roswell R. Brownson of West Eighteenth street and in 72 years of his life has been in California for more years than he can remember.

Chung has been in California for more years than he can remember. Twenty-two years ago he returned to China, where he remained for two years and on his return became a fixture in the Brownson household. He watched over the children with devoted attention during their infancy and as they grew up, became their adoring friend.

The stories told of his devotion and feeling for the children and his departure has left a void in their lives never to be filled by him. For more than a week prior to his departure, Chung actually wept about his work weeping like a child, yet neither money nor entreaties could swerve any of the three Celestials from their intention of going back to die that they may be buried in their own province.

It is a well-known fact that women of this race are of little value in the eyes of the Chinese and in cases where a Chinaman had no male descendant, it is said to be not uncommon practice to adopt a "grandson," to whom he leaves all his worldly possessions on condition that the departed one's grave is cared for, while his rightful heirs go begging, since it is their lot to be mere women.

The departure of the three ancient Chinamen marks the passing of a fast vanishing type. The newer generation does not have the same idea of service and loyalty to a church, and there are many Californians of long-time residence, while not knowing the individuals, will mark with the regret the departure of the three old-fashioned China "boys," slipping away to the land of their ancestors to await the final summons.

By comparison you will be surprised to find Grace Nicholson's shop prices more than moderate, and everyone who has visited her wonderful salesrooms at 46 North Los Robles avenue knows that there is no other stock in the West comparable in size, quality, beauty and wide number of really useful exclusive novelties for Christmas. GAS COMPANY EXTENDS LINE OF SERVICE PIPE.

(LOCAL CORRESPONDENCE.)
REDLANDS, Nov. 29.—The newest step in the expansion program of the Southern California Gas Company is the laying of a mile of gas main in the Loma Linda section to carry gas to the new residence section there. About fifty new homes have recently been erected south of the main sanatorium building and the new main will serve this section, the town north of the sanatorium having gas.

The Southern California company has just completed connecting Corona with the natural gas mains, Corona being the last city in Colton to have artificial gas. Mains are now being laid from Riverside to Corona.

The machinery at the central plant in Colton has been enlarged and new holders installed to provide plenty of gas for the entire section.

GRIM REAPER SPOILS PLANS.

VENTURA, Dec. 19.—W. H. Long and wife, both past 60 years of age, spent a year and a half in Ventura and liked it so well that they went back to Sperrermore, Okla., a few weeks ago to sell their property there.

They were looking forward to at least a decade of residence here they told friends on leaving. Yesterday word was received that Mrs. Long has passed away at Sperrermore and that Mr. Long is seriously ill.

MARINES TO OCCUPY NEW HOME

Soldiers of the Sea Take Possession of Quarters at San Diego.

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Nov. 29.—Detachments of marines, the vanguard of several thousand soldiers of the sea, who ultimately will be quartered here, today took possession of the imposing group of buildings that will constitute the second advanced base of the United States Marine Corps.

At the same time Brig-Gen. Joseph H. Pendleton, brigade commander, moved his headquarters from a downtown office building to the Marine Base. As soon as the transfer of marines is effected their old quarters in Balboa Park will be returned to the City Park Board.

The force of marines at the new base will not be large at present, but recent word from Washington indicated that the brigade under Gen. Pendleton will be brought to full strength in the near future. Troops brought here, it is understood, will complete the concentration of marine forces in two bases, the one here and the other on the Atlantic Coast.

Construction on the Marine Base was started before the war. It is located on the bay shore on land leased to the government by the city. To the west of the Marine Base is the site of the naval training station, work on which is now well under way.

MEANEST THIEVES.
Officers Capture Men Said to Have Robbed Poor Boxes.

(EXCLUSIVE DISPATCH.)
SANTA BARBARA, Nov. 29.—In the arrest of James Lowery, Daniel C. Dorfer and Forster Hilton, the police believe they have captured the meanest thieves in local history. The men are charged with rifling poor boxes of Catholic churches over the State during the past few months.

Hilton, 19, confessed to the police that his two companions had the poor box at the Oxnard Catholic Church Sunday morning at an early hour, and had taken the contents of the box of the Church of Our Lady of Guadalupe here and entered the local Methodist Church this morning.

Nickel and dime taken from Dorfer, Hilton claims, were from the poor box of the Catholic Church here. The police session the officers also found a date book belonging to Dr. Alfred James Higgins, pastor of the Methodist church, besides stamped envelopes and postcards identified as having been stolen from the church.

Hilton says he, himself, had no part in these thefts, but confessed he is a deserter from the Navy.

ILLNESS IS FATAL.
Ventura County Man Dies of Unknown Disease.

(EXCLUSIVE DISPATCH.)
OXNARD, Nov. 29.—William Hill, well-known oil man, formerly with the Mexican Petroleum Company at Tampico and brother-in-law of John Brakey, well-known Ventura business man, died at Ventura Monday night as a result of a strange malady contracted in Mexico. Mr. Hill was 46 years of age.

Upon being stricken he consulted Mexican doctors who were unable to correctly diagnose his case. He went to Los Angeles for treatment but physicians there were baffled by the unknown disease. He grew steadily weaker. Monday it was decided to take him to Ventura, where relatives reside. Four hours after he arrived he passed away.

He leaves a widow, two brothers and three sisters.

An Invitation—and Its Results

In last Saturday's and Sunday's papers we announced a special showing of the New Marmon Closed Cars, inviting the motoring public to inspect them this week at our salesrooms and at the Alexandria Hotel.

We were confident that discriminating motorists would be interested in the three new Marmon innovations—Wide Angle Visibility, Touring Car Driving Position and the Soft Roof. But so warm has been their reception that we cannot let the week pass without a word of appreciation and thanks.

If you have not already done so, please accept our cordial invitation to see these beautiful and interesting new types.

Kellogg's Bran is nature's own relief from constipation!

You must not take chances with constipation when statistics tell you that nine-tenths of all sickness can be traced to it! You must get permanent relief! You must drive constipation out of your system!

Realize that pills and cathartics, at best, can only afford temporary relief, while they are irritating to the delicate intestinal tract.

Now—compare the action of these pills and cathartics with the natural and wholesome effect of Kellogg's Bran, cooked and krumbled. Science knows of no such wonderful sweeper, cleanser and purifier of the bowels as Kellogg's Bran, yet it is simply nature's food. Bran's effect is certain and relief permanent if at least two tablespoons are eaten daily. Chronic cases should eat as much more as is necessary for results.

Taken consistently, Kellogg's Bran will drive constipation from the system. Your physician will endorse the use of Kellogg's Bran for constipation!

Eat Kellogg's Bran either as a delicious and nutritious cereal, or sprinkle it over your favorite cereal. Eat it in many other foods which are made more appetizing by its nutlike flavor! Kellogg's Bran pancakes are the best you ever tasted! Use it in raisin bread or muffins, gravies, macaroons, pancakes, etc. (Recipes on package.)

The big thing is to get Kellogg's Bran into your system quickly! Give it to every member of your family!

P. S.—Pimples are caused by constipation. Kellogg's Bran will clear them up and also free your breath from intestinal odors.

CASCARETS 10¢

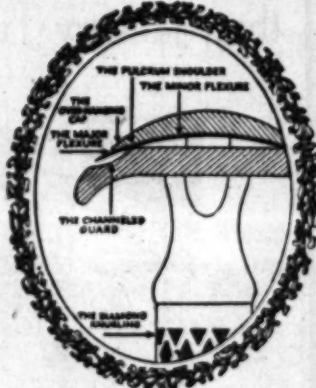

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The most cathartic-laxative in the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach, is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.—[Advertisement.]

To the Woman with a Man's Christmas on her mind ~

This diagram will explain to you why he wants a New Improved Gillette to replace the old-type Gillette you gave him years ago.

NOTHING in years has taken men's attention like the New Improved Gillette.

More men are talking about it than any other article for men's use you will see in all your shopping trips through the stores.

What a 75% improvement in shaving means for a man is beyond the words of this Christmas message.

But he knows. He knows the New Improved Gillette will do it—dozens of his friends have already told him so.

This new invention, so dramatically announced last May, has already reached the million mark in

sales. Men are calling it "The Commercial Romance of 1921."

Millions of men are waiting to own a New Improved Gillette.

And if you will give just a moment's study to the simple diagram on this page you will understand why. The blade guarded from the face, but free to the beard.

Particularly will you see why all those men who now use the old-type Gillette are looking forward to Christmas as the time when they can put it aside—in favor of the New Improved Gillette.

The most outstanding advancement in an

article for men's personal use that this or any other Christmas has ever known.

Twenty-one Plants Taken in
Fifteen Days.

Suspects Rounded Up in Port
Police Campaign.

Raids to Clean Up District,
Asserts Leader.

Having seized within the past
fifteen days, twenty-one illicit stills,
more than 1000 gallons of wine
and several tons of mash and bar-
ley, Capt. Plummer, commanding
the harbor division of the Los An-
geles police, thinks he has made
fair progress in his campaign to
keep Los Angeles safe for the
sailor. The campaign, to date, has
netted twenty-four makers of
booze, who have been arrested
and charged with violating the
Volstead Act.

Police records show that vir-
tually 90 per cent of the stills
seized by Los Angeles police in
the past few days were taken in
raids conducted by Capt. Plummer
and his dry squad of harbor po-
lice. In almost every instance,
the prisoners taken in the
raids were foreigners.

Although violation of the Vol-
stead Act is a Federal offense,
and the work of uncovering such
violations is the task of Federal
officers, Capt. Plummer is deter-
mined, he said, to end the illicit
whisky traffic at the harbor be-
cause of the thriving trade that
the bootleggers have enjoyed
among the sailors of the Pacific
Fleet. Nearly every man arrested
in connection with the raids of the
past fifteen days has catered al-
most exclusively to the thirst of
the Navy men, Capt. Plummer
says.

ACCUSED OF INSANITY.

Touton Spy Obsession Ascribed to
Sierra Madre Club Woman.

Stated to have accused every-
body within range of being Touton
spies and then making the
unusual assertion that "one half
of the residents of Sierra Madre
are German spies," Mrs. Martha
Brown was yesterday tried before
a jury in Judge Wey's court on a
charge of insanity.

Mrs. Brown is said to have de-
clared that the waiters in a Pan-
ama cafe were spies and that
nearly everyone about her was in
the employ of the German govern-
ment.

Mrs. Brown is a wealthy club
woman of the foothill city. Among
the people she accused were
other club women of Sierra Madre.
They were in court yesterday in
considerable number.

GUN THEFT CHARGED.

Head of Non-Existent Paper Is
Placed on Trial.

Charged with having stolen a
rifle from the offices of the J. R.
Thorpe Engraving Company,
James L. Rodman, at one time the
head of "The Glad" newspaper,
that never was published, was
brought to trial yesterday before
Police Judge Frederickson. The
case probably will be completed
today.

Rodman was arrested by Police
Detectives Cantio and Hawley on
September 12. At the time the
rifle was found in his room. He
stated that it had been given to
him by Mr. Thorpe. This state-
ment was denied by Thorpe.

The defendant, following his ar-
rest, demanded a jury trial and
yesterday was represented by John
L. Richardson.

BOY'S FOOT CRUSHED UNDER TRUCK WHEEL.

A truck crushed the right foot
of Paul Holopoff, 5 years of age,
near his home, 480 South Clar-
ence street, late yesterday. The
boy was taken to the Receiving Hos-
pital for treatment. According
to the police the boy was at-
tempting to ride on the truck and
fell beneath a wheel.

WOMEN ROILED BY BABY CASE.

Divide Here on Justice of Denying Motherhood.

Assert Bearing of Children is Natural Right.

Some Urge Birth Control as Benefit to World.

(Continued from First Page.)

which cater exclusively to poor mothers like Mrs. Casidena, feels that any such innovation will change the world for the worse.

"I have been always so particularly impressed with the love that these women have for their children, and with the fact that the children of large families in humble circumstances are often brighter and happier than those of the rich. Most of the men who have amounted to anything in this country came from such families, whose mothers are real women, who work hard to be sure, but appreciate the compensations of motherhood."

Mrs. Henry M. Hurd, known far and wide for her work at the Florence Crittenton Home, believes in sterilization in certain cases—for insanity, drunkenness or disease, but contends that no healthy woman should be denied fertile motherhood. With regard to the Casidena case she said: "Of course, what the judge should have done was to reprimand the father and give him a few private lessons on birth-control. Why select the woman? It is the selfishness of men that needs curbing."

Dr. Dorothea Moore is for birth control, but likewise thinks His Honor began on the wrong sex.

BLAMES THE MAN.

"You will notice that Margaret Sawyer was once imprisoned for furnishing information on birth-control to the wives of miners, held in large public buildings in New York a few days ago, un molested, and in which she was supported by a large responsible people. And Dr. Harada of Japan told me that his country has now taken official recognition of birth-control methods, and is teaching and advocating them as a solution of Japan's population problems. The judge in the Casidena case was merely a little precipitate and tactless—and should have commenced on father."

Mrs. M. E. Johnson, who is famous for her question from the floor when this matter was being debated in an open meeting at the Woman's City Club a few years ago, when Dr. Seligman had declared that large families were essential in the eyes of God and made for character and worthiness and "that no lone child had ever attained to anything north of white, but was invariably spoiled, selfish, and lacking in human kindness." It was Mrs. Johnson who rose to inquire whether it was not true that Jesus Christ was an only child, and Judas Iscariot one of them?

"I believe in birth-control in certain cases," she said, "but Judge Graham's alternative was unreasonable in this case. How could sterilization make the woman a better housekeeper or more competent to take care of the other five? It appears to me a case for Amerasianization rather than sterilization."

And one prominent woman, who begged me not to quote her because she is holding high office and must be discreet in her published opinions, said:

WICKED WASTE.

"I think any such ruling is an outrage against our sex. The state wants good healthy children and apparently this woman was prepared to produce them. Heaven knows there are few enough of us left who are. Why discourage her just because her husband is not a good provider? Rather than sterilization, she should have been advised to divorce her present husband and acquire one of those many men who advocate large families and could provide for them. Or else provide for her at the expense of the state—gladly, gratefully. After all that has been said on this subject all the way from Roosevelt to Harding's recent gift to the father of eighteen children, after all the fierce legislation against abortion, after all the gleeful fight in growing populations, how many any man reprimand and discourage any woman for accepting so onerous a task? It is a wicked waste of a fast vanishing species. Modern women as a whole are busy defying the law and regulating their families whether or no. Far from reprimanding the rare Mrs. Casidena of this world, the country should, in self-preservation, encourage and subsidize them to the limit. Apparently there is nothing the matter with that woman and those children but under-nourishment and poor house-keeping—and a rich country that wants babies ought to be able to afford to take care of that."

These are but a very few selected examples of how our Los Angeles women feel about this question. But one thing I discovered in my inquiries—most of the feminine leaders in this town are for some measure of birth-control, and most of them want to see it exercised chiefly, mostly on the male of the species. The one question that I met on all sides was "And why the woman?" And in this particular Casidena case one can't help feeling that Judge Graham and the social workers would have gained their point with less hubbub and more efficiency over a quiet little informative talk with Mr. Casidena. This "cherches la femme"

PAIR RECONCILED.

Edith Serkin, Girl in Sebastian Case, Drops Suit.

It became known yesterday that Edith Serkin, star witness in the famous Sebastian case, known in private life as Mrs. Edith Harris, has become reconciled to her husband. The announcement was made by her attorney, William M. Morse, Jr., in asking that the citation against Vance Harris, the husband, in temporary alimony proceedings be dismissed. The motion was granted. Mrs. Harris had sued for divorce.

PIONEER SALESMAN DIES.

Arrangements for the funeral of George J. Thorne, pioneer shoe salesman, who died Monday at the Alexandria, are awaiting the arrival here of the widow and son, who are now on their way west, according to information received yesterday by the E. E. Overholser Sons Company, to whose establishment the body was taken. Mr. Thorne represented the Johnson & Murphy Company of Newark, N. J., and had been making this city for thirty years. He was 82 years of age.

FOR A SHORT CUT.

The City Council's Public Works Committee yesterday agreed to recommend the opening of Venice Boulevard between Hughes avenue and Jasmine street in the Palms district. This improvement will provide a "short cut" from the city to Venice.

THE NEW DAY IN ROTOGRAVURE.

Hope for World Peace is Shown in Powerful Cartoon by Gale.

The Times rotogravure section next Sunday will graphically picture the hope of the world for peace, a hope that now seems certain of realization by reason of the developments at the Conference of the Limitation of Armaments at Washington. This ideal of all right-thinking men is visualized in a cartoon to adorn the first page of The Times rotogravure section.

A special feature of this issue will be a page of photographs showing one of the most remarkable mountain cabins in the world, a cabin built entirely of solid granite, even the windows and doors being of concrete to match the rest of the structure.

Sight-seeing trips will show the wonderful progress of Burbank as an industrial and home center, and Peggy Hamilton's fashion page will scintillate with the latest and best in woman's wearing apparel.

A full page is also devoted to the citizenship building activities of the Sons of America, an organization that is training boys of the city in the first and fundamental principles of Americanism.

***** business is apt to be so embarrassed by the war. No wonder His Honor is hedging.

CHURCH CELEBRATES PASTOR'S BIRTHDAY.

DR. ROWELL IS GIVEN PURSE ON HIS EIGHTIETH ANNIVERSARY.

Ministers of the city, and members of the First Congregational Church, Monday presented a purse to Dr. N. L. Rowell, pastor of the church, in celebration of the eightieth anniversary of his birth. Dr. Rowell was tendered a surprise reception where the presentation was made.

One dollar for every year he has lived was given to him by the church members. Commodore George Shaver, a deacon of the church, in presenting the purse from the church members containing \$80, told Dr. Rowell that the First Congregational church expects him to be its pastor as long as he lives.

Rev. John L. Malle then presented Dr. Rowell a purse from the city. This purse also contained \$80, and Mr. Malle, who has known Dr. Rowell for many years, told the veteran pastor that he is one of the best-loved ministers in Los Angeles. Dr. Rowell has been a pastor for forty-five years in California, and before that time held pastorates in New York, Massachusetts and New Hampshire.

Remarks also were made by Dr. George F. Kennett, Rev. E. F. Ryland and Dr. Carl A. Patton.

RATE REDUCTIONS TO BE DEFERRED.

WILL NOT GO INTO EFFECT BEFORE FIRST OF NEXT YEAR.

Advises received yesterday by the Southern Pacific from the East indicate that the 10 per cent reduction in rates on agricultural products recently announced by the Association of Railroad Executives will not become effective before next January 1. The 10 per cent reduction in rates on farm products was announced by the railroads for a six months' experimental period in the hope that in the meantime the operating costs as represented by wages will be lowered by the Railroad Labor Board. The Interstate Commerce Commission issued an order in the hay and grain case requiring lower rates to be established on five days' notice on or before next December 27. The railroads have filed petition for a rehearing in that case, desiring that the 10 per cent reduction on all farm products stand in lieu of the larger reduction in some instances on hay and grain only.
